SUMMARY:

Allows First Class Townships to waive statutory caps on how much tax revenues can be used for paying employees of EMS and fire services.

ANALYSIS:

Senate Bill 1132 Printer's Number 1580 amends the First-Class Township Code to authorize the township's board of commissioners to waive, by resolution, a limitation on taxes that support the training of fire personnel and payments to fire training schools and centers and ambulance, rescue, and other emergency services. The current limitation caps how much of the tax may be used for the purpose of paying salaries, benefits, or other compensation.

This legislation would take effect in 60 days upon enactment.

FISCAL IMPACT:

Enactment of this legislation will have no impact on commonwealth funds. The legislation authorizes townships to reallocate currently collected taxes but does not allow them to increase their current tax rate.
