**RE:** Co-sponsorship of Electric Vehicle Charging Station Tax Credit

Your co-sponsorship is requested for legislation creating a tax credit for half the costs of establishing an electric vehicle charging station.

Electric vehicles significantly decrease energy use and lower emissions. A major detriment to the greater use of electric vehicles is a lack of access to charging stations. Drivers of electric vehicles fear either getting stuck in traffic or going long distances due to not finding a station that will charge electric vehicles.

To co-sponsor this bill, please contact Linda Huntington in my office at [lhunting@pahouse.net](mailto:lhunting@pahouse.net) or call 787-3085.
