December 14, 2020

To: All House Members
From: Representative Dan Deasy
Subject: Prohibition on the use of handheld electronic devices within a construction zone (formerly HB231)

Please support my legislation would amend Title 75 (Vehicles) section 3326, making the use of handheld electronic device within an active construction zone a summary offense.

We all know how hazardous distracted driving can be, but the activity is even more egregious within a construction zone when highway workers are present. I'm introducing this legislation in order to provide another layer of protection for these workers.

I would appreciate your co-sponsorship of this legislation. Thank you.
