## LEGISLATIVE JOURNAL

THURSDAY, JUNE 27, 2002

SESSION OF 2002

186TH OF THE GENERAL ASSEMBLY

No. 54

### HOUSE OF REPRESENTATIVES

The House convened at 11 a.m., e.d.t.

#### THE SPEAKER PRO TEMPORE (PATRICIA H. VANCE) PRESIDING

#### PRAYER

REV. KENNETH R. ARTHUR, Chaplain of the House of Representatives, offered the following prayer:

Let us pray:

Almighty God, You always hear the honest prayers that lie behind the words that we say to You. You know the deepest thoughts of our hearts this day as we struggle with personal issues even as we try to fulfill our responsibilities here in the House of Representatives.

Help us to resolve the daily issues of life as we bring to resolution the issues of legislation. Be with our families, affirm our friends, and make us equal to the tasks of daily life and legislation. Enable us to give ourselves gladly and joyfully to the needs of our Commonwealth, thus bringing joy to many.

Hear us, O God, that we might become true instruments of Your wisdom and Your love. Amen.

#### PLEDGE OF ALLEGIANCE

(The Pledge of Allegiance was recited by members and visitors.)

#### JOURNAL APPROVAL POSTPONED

The SPEAKER pro tempore. Without objection, the approval of the Journal of Wednesday, June 26, 2002, will be postponed until printed. The Chair hears no objection.

### ANNOUNCEMENT BY MR. STAIRS

The SPEAKER pro tempore. For what purpose does the gentleman, Mr. Stairs, rise?

Mr. STAIRS. Thank you, Madam Speaker.

I rise to announce I am introducing a resolution. Can I explain it to the members at the appropriate time?

The SPEAKER pro tempore. Under unanimous consent, you may proceed.

Mr. STAIRS. Thank you, Madam Speaker.

Momentarily I am going to introduce a resolution. It is referring to "Legislators Back to School Week," and the reason I am doing it now, even though in fact we are in summer recess I guess in schools, but it is the week before we start our session in September, and I want to get the resolution in because it will be over by the time we come back in September. But what it does, it is in cooperation with the National Conference of State Legislatures, NCSL, and it encourages legislators to go back to school and meet in their schools in early September. There is a package of information of instructions, and Speaker Ryan was very much involved in it last year, and we want to do it again this year.

So if anybody wants to get on as a cosponsor, I will be introducing the resolution momentarily. Maybe we can run the resolution either later today or tomorrow, and then we will get information to you how you can participate in your local school districts when school starts.

So I appreciate your kindness, Madam Speaker, to allow me to make this statement. Thank you.

The SPEAKER pro tempore. The Chair thanks the gentleman.

### COMMUNICATION FROM SPEAKER

SPEAKER PRO TEMPORE APPOINTED

SUPPLEMENTAL CALENDAR C

BILLS ON CONCURRENCE  
IN SENATE AMENDMENTS

The House proceeded to consideration of concurrence in Senate amendments to **HB 4, PN 3839**, entitled:

An Act authorizing the maintenance and operation of multipurpose service centers for displaced homemakers and single parents; and providing for powers and duties of the Department of Education.

On the question,  
Will the House concur in Senate amendments?

The SPEAKER pro tempore. On that question, the Chair recognizes the gentleman, Mr. Smith.

Mr. S. SMITH. Thank you, Madam Speaker.

On HB 4 I would urge the members to nonconcur on this legislation so that we can make it a little bit better in a conference committee.

The SPEAKER pro tempore. The Chair recognizes the gentleman from Philadelphia, Mr. Cohen.

Mr. COHEN. Madam Speaker, I also would like to urge a nonconcurrence.

We have not caucused on this, but this is obviously part of the budget process. As there is no final vote that will be taking place if we all nonconcur, I do not see an absolute necessity of having a caucus.

The SPEAKER pro tempore. It is moved by the majority leader that the House concur in the amendments inserted by the Senate. However, both leaders have asked for a nonconcurrence, a “no” vote.

On the question recurring,  
Will the House concur in Senate amendments?

The SPEAKER pro tempore. Agreeable to the provisions of the Constitution, the yeas and nays will now be taken.

**STATEMENT BY MR. GODSHALL**

The SPEAKER pro tempore. For what purpose does the gentleman, Mr. Godshall, rise?

Mr. GODSHALL. A brief statement on the bill that we just passed.

The SPEAKER pro tempore. As a point of personal privilege, you may proceed.

Mr. GODSHALL. Thank you.

I just want to thank, the bill we just passed was the dietitians' bill, which was like 6 years in the making, and I do want to thank the Professional Licensure Committee on both sides of the aisle and specifically the work of Mario Civera and also the people that worked with him on that bill.

Dietitians have been working hard on this. You had the dietitians call you over the years pertaining to this bill. It is finally at this point ready to become law, and I want to say thank you to the people that were involved.

Thank you, Madam Speaker.

The SPEAKER pro tempore. The Chair thanks the gentleman.

Ordered, That the clerk present the same to the Senate for concurrence.

**LEAVE OF ABSENCE CANCELED**

The SPEAKER pro tempore. The Chair notices the presence on the floor of the gentleman, Mr. Tangretti, and asks that he be added to the master roll.

Turning to page 3 of today’s calendar, we return to consideration of HB 2246, PN 3098, which we had started yesterday.

**BILLS ON THIRD CONSIDERATION**

The House proceeded to third consideration of **HB 2246, PN 3098**, entitled:

An Act authorizing the Commonwealth of Pennsylvania to join the Interstate Wildlife Violator Compact; providing for the form of the compact; imposing additional powers and duties on the Governor and the Compact Administrator; and limiting the applicability of suspension powers.

On the question recurring,

Will the House agree to the bill on third consideration as amended?

Mr. **B. SMITH** offered the following amendment No. **A3770**:

Amend Sec. 5, page 14, line 22, by removing the period after “violations” and inserting for which the penalty provided by 34 Pa.C.S. is no less than a summary offense of the fourth degree and the violation is not the only violation in a 24-month period.

On the question,

Will the House agree to the amendment?

The SPEAKER pro tempore. On that question, the Chair recognizes the gentleman from York County, Mr. Smith.

Mr. B. SMITH. Thank you, Madam Speaker.

This is an agreed-to amendment which further defines the offenses that are applicable in the interstate compact. I urge that members vote in favor of the amendment.

The SPEAKER pro tempore. The Chair recognizes the gentleman, Mr. Staback, on the amendment.

Mr. STABACK. Thank you, Madam Speaker.

Madam Speaker, the amendment does clarify what the Game Commission means when they refer to “accumulated violations.” We now know what these offenses are, the number of offenses that can be committed, and over what time period they can occur before an individual would lose his hunting license.

My concerns in this portion of the bill have been satisfied, and I, too, would ask for an affirmative vote on the amendment.

On the question recurring,

Will the House agree to the amendment?

Ryan,  
Speaker

A majority of the members required by the rules having voted in the affirmative, the question was determined in the affirmative and the motion was agreed to.

On the question recurring,  
Will the House agree to the bill on third consideration as amended?

Mr. STABACK offered the following amendment No. A4049:

Amend Sec. 5, page 13, line 25, by striking out all of said line and inserting

(ii) Persons sentenced as repeat offenders under 30 Pa.C.S. § 923(d) (relating to classification of offenses and penalties) provided the repeated offenses committed within a 12-month period include one or more summary offenses of the first degree, misdemeanors or felonies.

On the question,  
Will the House agree to the amendment?

The SPEAKER pro tempore. On that question, the Chair recognizes the gentleman, Mr. Staback.

Mr. STABACK. Thank you, Madam Speaker.

Madam Speaker, amendment A4049 will simply clarify in Title 30, the Fish Code, what and who a repeat offender is. It clarifies what violations need to be committed and over what time period they will have occurred before a fishing license can be revoked. The amendment, as I said previously, is agreed to and also has the support of the Fish Commission.

Thank you.

The SPEAKER pro tempore. On the amendment, the Chair recognizes the gentleman from Warren County, Mr. Lynch.

Mr. LYNCH. Thank you, Madam Speaker.

And in fact this is an agreed-to amendment, a companion bill to the one just offered by the chairman of the House Game and Fisheries Committee, and I would ask for a "yes" vote.

Thank you, Madam Speaker.

Will the House agree to the amendment?

-----------	----------	------------------

The majority having voted in the affirmative, the question was determined in the affirmative and the amendment was agreed to.

On the question recurring,

Will the House agree to the bill on third consideration as amended?

Bill as amended was agreed to.

The SPEAKER pro tempore. This bill has been considered on three different days and agreed to and is now on final passage.

The question is, shall the bill pass finally?

(The bill analysis was read.)

The SPEAKER pro tempore. On final passage, the Chair recognizes the gentleman from Warren County, Mr. Lynch.

Mr. LYNCH. Thank you, Madam Speaker.

This is a bill that is long overdue. In fact, I have personally been working on this bill for in excess of 3 years, and in a nutshell what it does is it allows the Game Commission and the Pennsylvania Fish and Boat Commission to enter into an existing wildlife compact with other States in an effort to curtail some of the violators who violate the wildlife codes and transfer and go back and forth, being able to hunt or fish in other States.

The 17 States that currently exist in this compact are Arizona, California, Colorado, Idaho, Indiana, Iowa, Maryland, Minnesota, Missouri, Montana, Nevada, New Mexico, North Dakota, Oregon, Utah, Washington, and Wyoming.

The crux of this legislation would be, and we have defined in the legislation 10 areas where a person can have their hunting or fishing license revoked because of a breaking of the law. If that person were to break the law, their ability to hunt or fish in another State, if they fall under the categories of the license revocation, they would not be permitted to do so. Again, this will help curtail the professional poaching that goes on in this country, as well as those people who habitually violate the law in one State and then simply want to go to another State to hunt or fish.

And I would point out that at this point we know of no organized opposition. This legislation is supported by the Pennsylvania Game Commission, by the Pennsylvania Fish and Boat Commission, by the Pennsylvania Federation of Sportsmen's Clubs, and by the Pennsylvania Legislative Animal Network.

Thank you, Madam Speaker, and I ask for a "yes" vote, and let us send this bill over to the Senate. Thank you, Madam Speaker.

The SPEAKER pro tempore. The Chair recognizes the gentleman from Montgomery County, Mr. Godshall, on final passage.

Mr. GODSHALL. Thank you, Madam Speaker.

Could I interrogate the maker of the bill, please?

The SPEAKER pro tempore. The gentleman agrees. You may proceed.

Mr. GODSHALL. If this would become law, since Pennsylvania is the only State which has a separate Fish Commission and a separate Game Commission, would a violation, say, out of State, a fishing violation, say, out of State in California or wherever, result in the loss of a fishing license or the loss of your hunting license or both?

Mr. LYNCH. No, whichever one would be applicable to whichever law they broke. Even though the other States may have a combined fishing and hunting license, if you shoot a deer out of season, you are not violating the Fish Code. So it would only apply to the one that would be applicable.

Mr. GODSHALL. But in all other States you have one Fish and Game Commission. So how would a violation in this State, say, affect me if I am going to California where my son lives? Would I lose my fishing and hunting privileges in California or would I only lose, say if I committed a fishing violation, would I be losing the fishing violation only?

Mr. LYNCH. Yes; it would be treated as if it happened in your State of residence. So whatever the penalty would be in your State of residence is what would occur.

Mr. GODSHALL. So—

Mr. LYNCH. Again, Madam Speaker, the purpose of this legislation is to prevent people who break the law in one State to be able to go to another State and hunt or fish there. We know that there are people out there who consistently violate the law. We have spelled out in the legislation 10 violations which can result in

the revocation of your license. It is for those reasons and those reasons alone that you can have your license revoked. This compact does not apply to any other violations, only to the 10 that would require revocation – okay? – so that the other States would not allow you to hunt or fish in those States.

Mr. GODSHALL. I guess I am still not clear. If I lose my fishing rights in Pennsylvania, exactly what I am losing in the other States, I am not clear on that.

Mr. LYNCH. Madam Speaker, again, I will say for the second time, you would lose your ability to fish in the other States where the compact exists.

Mr. GODSHALL. Okay. These are just some of the questions that I put down that I would really like to have some answers to.

Is this bill, as you presented it today and as amended, is this bill indeed the compact that is in place?

Mr. LYNCH. I am sorry. I—

Mr. GODSHALL. Is the bill that we have in front of us, this bill right here, is this the bill that is the compact? Are we voting on the compact as such or are we voting on a document that is going to be put together sometime in the future?

Mr. LYNCH. What we are voting on is the ability to allow the Governor to put us into the compact with the other 17 States. If this bill passes the House, passes the Senate, and the Governor signs it into law, it then would allow us entry into the existing compact with the other 17 States in an effort to curb habitual lawbreakers.

Mr. GODSHALL. And this document that you have in front of us, that is the compact?

Mr. LYNCH. No, it is not the compact; it is a law that we have to have in place in order to enter into the compact.

Mr. GODSHALL. When would we get a chance to vote on the actual compact document?

Mr. LYNCH. Any votes that are done on the compact document are done by representatives. Okay; each State has a vote. Again, Madam Speaker, there are 10 items recorded in this legislation that would require a loss of license, hunting or fishing, in Pennsylvania, okay? If we become a member of the compact and become the 18th State, if you violate one of these 10 items in Pennsylvania, then your ability to hunt or fish – hunt or fish, whichever the case would be – in one of the other 17 States would not be there. That is the purpose of the legislation.

Mr. GODSHALL. How do we know, how do my hunters know, how does this body know what is going to be in that compact if the document that we have in front of us is indeed not the compact but the compact is to be put in place by some other individuals yet to be named?

Mr. LYNCH. Madam Speaker, I think, with all due respect, I think you are missing the boat on this one. Okay? The compact already exists. All this legislation would do would be to allow us to get into a transfer of information on violators who have broken the law in one State. That is what this does. There is no miraculous compact legislation out there, no miraculous compact thing out there. All it does is allow for us to be involved in the transfer of the information when a person violates the law in one State. That person's name is then transferred to the other States in the compact, including the State of the residence of that individual, of that lawbreaker.

Mr. GODSHALL. I appreciate that information, but at the same time, if the compact is already in existence, why cannot we have a copy of the compact to look and see what it says?

Mr. LYNCH. Well, there really is not a copy of the compact, Madam Speaker. What we have in existence are 17 States so far that have agreed to share the information on habitual lawbreakers. All we want to do is participate. You are asking for something, Madam Speaker, that is not there.

Mr. GODSHALL. Okay. We are entering into a compact, but we have no copy of a compact document.

Mr. LYNCH. Excuse me, Madam Speaker.

Mr. GODSHALL. I would like to ask another question.

Mr. LYNCH. Excuse me, Madam Speaker?

Mr. GODSHALL. My biggest problem with this is the problem with due process, and— Madam Speaker?

The SPEAKER pro tempore. Could we please have some quiet. The gentleman who is being interrogated cannot hear the question. Could we please have some quiet in the hall of the House.

Mr. GODSHALL. It says on page 4 of this document, "Provide for the fair and impartial treatment of wildlife violators operating within participating states in recognition of the violator's right to due process...." How does this bill guarantee my due process?

Mr. LYNCH. It is in the bill, Madam Speaker. As a matter of fact, it is already in statute in addition to being in the bill.

If you do not think— With all due respect, again, Madam Speaker, if you do not think that due process already exists in this country, there is something wrong. We already have it. It is again spelled out in this legislation. It already exists in this country.

Mr. GODSHALL. It says on page 2, "In most instances, a person who is cited for a wildlife violation in a state other than his home state is required to post collateral or a bond to secure appearance for trial at a later date,..." and at the present time, to quote, he is normally "taken directly to court for an immediate appearance."

If you are hunting out of State, as we have more hunters in Pennsylvania that hunt out of State than any other State, when you are in another State, as thousands of our hunters and your constituents and mine are, anywhere from Kansas where I will be heading this fall if I get a permit to Iowa and so forth, how denying me the right to go to trial immediately in that State, how does that protect my due process in lieu of giving me the right to go to trial in that State to protect myself against— The other alternative at this point is I get a citation, which means I come back at a later date. So on my trip to Kansas, if I could just go through this, my trip to Kansas, I fly from Philadelphia to Wichita; at Wichita I rent a car and drive 4 hours to Dodge City; now I am charged with a violation, which may be a simple violation, an unintentional violation – I am all of a sudden in unit 17 rather than 16 where my permit is; there are no real sign delineations out on the prairie – and I cannot defend myself because I am going to get a citation. If I were able to go to a hearing in Kansas, I am already there. My other alternative is to plead guilty or go back out to Kansas, and I cannot do it. It is too expensive and it is too time consuming.

Mr. LYNCH. Thank you, Madam Speaker. I am happy to answer.

First off, Madam Speaker, you start out with a premise that is in error. You start out with a premise saying that you would be denied your ability to do this. That is not a true statement, Madam Speaker. The fact of the matter is, those other 17 States, just like we have in Pennsylvania, we have what we call the minor judiciary system. If you want to have a hearing right now, you are entitled to that hearing right now. All you have to say to the arresting officer is, I want to have the hearing now. You know,

guess what? We have district magistrates that are on call 24 hours a day. That exists; it exists in all parts of the country. You cannot be denied a hearing if you want it. So the example that you gave is bogus, because you start out with a premise that you would be denied. That is not a true statement, Madam Speaker. You would not be denied.

Mr. GODSHALL. In Pennsylvania you have the right to an immediate hearing. That is not the case throughout the country. That is absolutely not the case throughout the country and especially with this compact which says specifically – I will give you the page – that if a violation occurs, you can be given a citation similar as if you were in your own State and go on your way. That is exactly what it says in this document.

Mr. LYNCH. No, Madam Speaker, it does not say that in this document. It does not say that.

The SPEAKER pro tempore. I would remind the gentlemen that this is supposed to be an interrogation and not an argument about the issue.

Does the gentleman have other questions he wishes to ask?

Mr. GODSHALL. Madam Speaker, not at this time, but I would like to have the attention of the body, if I could, for a couple of minutes.

The SPEAKER pro tempore. The gentleman deserves the attention of the members. He wishes to speak on final passage.

Mr. GODSHALL. I have come before this body on many occasions on sportsmen's issues and I do it again on sincerity, because I am concerned about what is going to happen and could happen with this bill.

I have every reason to believe that the due process that is afforded to you in Pennsylvania, as I mentioned yesterday, you would lose under this bill if you were hunting out of State as well as your constituents, and I have every reason to believe that. In my own situation I have a relative who indeed got a citation out in Idaho. He was given a citation, and the citation said come back in 2 weeks at a certain time, a certain place, for a hearing. They never expected him to come out. When he came out and took a lawyer into that hearing, what did the people in Idaho do? They immediately postponed the hearing for 2 weeks and told him to come back. He flew from Philadelphia to Idaho, hired a lawyer, and then the hearing was continued. That is not due process, and that is what would happen under this legislation.

It is a great injustice to the hunters of Pennsylvania, and I have two pieces of correspondence that I would like to read for the record. The first letter is dated June 7, and I wish I could have your attention, because they are important.

The SPEAKER pro tempore. Could we please have some quiet in the hall of the House. This may be a long day if we do not have some quiet so we can hear what is being said.

Mr. GODSHALL. This first letter was written by Dr. Alan Krug, who is an adviser to the NRA (National Rifle Association), and it reads as follows:

"This is in reference to House Bill 2246, Printer's No. 3098, which would authorize the Commonwealth of Pennsylvania to join the Interstate Wildlife Violator Compact.

"It is with some trepidation that I express reservations about this legislation, realizing that opposition may be construed as being anti-wildlife-law-enforcement. I am definitely not in that category, having been a commissioned wildlife officer for the State of Florida for over four years and having been shot at in the

process. Nevertheless, I believe that H.B. 2246 goes too far in exposing Pennsylvanians to the vagaries of other state's wildlife laws, rules and regulations and their enforcement; sets a bad precedent in making sometimes unchallenged events in other states liabilities under Pennsylvania law;" – which is exactly the case – "and, perhaps most importantly, while mentioning due process, failing to provide for it in specific terms.

"I trust that your committee will explore these questions in detail. Revoking a Pennsylvanian's resident hunting license without providing an opportunity for a hearing before the Commission is bad business."

That was a letter I received from Dr. Alan Krug.

I have another letter which I would like to read, and I really would appreciate your, again, indulgence, please.

The SPEAKER pro tempore. Could we please have some quiet, please.

Mr. GODSHALL. This is a letter dated June 18, and it says:

"Dear Rep. Godshall:

"This is in response to your request for comment from the National Rifle Association on House Bill 2246, Printer's No. 3098, which would authorize the Commonwealth of Pennsylvania to join the Interstate Wildlife Violator Compact.

"While agreeing with the basic objectives of this proposal, the NRA does have a concern. It appears that a lack of specific due process in this legislation could lead to unintended consequences for some individuals. It is recognized that there may be significant variation in the game and fish laws of the various states and the enforcement of those laws and their accompanying rules and regulations. In order to protect the civil rights of Pennsylvania residents, it is suggested that, at a minimum, an opportunity be provided for a hearing before the respective Pennsylvania commission prior to the revocation of a resident hunting or fishing license because of an out-of-state violation.

"In reviewing the proposal, the question arises as to whether or not there may be offenses,..." such as "those related to endangered or threatened species, that would culminate in automatic revocation of both hunting and fishing license for conviction of a single offense. A simple but specific example would be conviction for possessing a mollusk that turned out to be a threatened species. The fact that an individual could lose his or her Pennsylvania hunting and/or fishing license for an offense in another state that is not an offense in Pennsylvania is also troubling. H.B. 2246 stipulates that 'species included in the definition of "wildlife" vary from state to state' and proffers that the definition of 'wildlife' shall 'be based on the law in the issuing state,' not on Pennsylvania law.

"I hope that these comments will be helpful to you in considering this legislation.

"Sincerely..., John Hohenwarter," legislative liaison for the NRA.

Unified Sportsmen stand opposed to this, the NRA stands opposed to this, and as I said, I come to you in all sincerity in the interests of the sportsmen and hunters of Pennsylvania saying that this is a dangerous bill, and you are going to be hearing about it if you support this legislation when you have a hunter going out of State and all of a sudden he is denied the right to a hearing immediately onsite in that State.

I ask for a "no" vote.

The SPEAKER pro tempore. The Chair thanks the gentleman and recognizes the gentleman from Cambria County, Mr. Haluska.

Mr. HALUSKA. Thank you, Madam Speaker.

Madam Speaker, I opposed this bill in committee for several reasons. I thought we were getting the cart ahead of the horse, like I said yesterday when we offered the amendments that we did to the bill. I think once those amendments went into the bill, we cleaned the bill up a lot.

This bill basically is a compact bill. It allows the Game and Fish Commissions to honor revocations in other States and vice versa, but once we get to the e-commerce, we will actually be able to enforce this, and with some of the amendments that we did get into the bill, I feel that it is a better bill.

The Game Commission has been asked by people on the Game and Fisheries Committee several times, for revocations of licenses in Pennsylvania we need a point system, very similar to the point system we have with our automobile license. When you run afoul of the law, you should know up front what that is going to cost you. The Game Commission has been dragging their feet on the point system as well as the e-commerce. So what I am asking today is people to support this bill, to pass it, and with the help of the ladies and gentlemen that are on the Game and Fisheries Committee, we will get a point system adopted in Pennsylvania so that our hunters will know when they commit a foul or break a law, a hunting violation or a fishing violation, what they stand to lose up front rather than leave it up to the Game Commission or the Fish Commission, to their own judgment, whether you should lose your license for 1 or 2 or 3 years or whatever.

So I will support this bill, once we got the amendments in it, and I would hope the people on both sides of the aisle could also support it. Thank you.

The SPEAKER pro tempore. The Chair recognizes the gentleman from York County, Mr. Smith, on final passage.

Mr. B. SMITH. Thank you, Madam Speaker.

I will be very brief. I will not read you any letters. I want you to know that this is supported by the Pennsylvania Federation of Sportsmen's Clubs. It is also supported by the Pennsylvania Legislative Animal Network. Now, that is an unusual combination, but they are both supporting the bill. The Game Commission is supporting the bill; the Fish and Boat Commission is supporting the bill. What you must realize is that this bill is geared to stop poaching. It is geared to stop slob hunters. This will not hurt your average hunter who obeys the law.

I have in my hand three files of game law violators. The one has had his license revoked for multiple violations until 2060 – 2060. Another one has had his license revoked to 2051 and another one till 2021. These people can go to adjacent States and get their hunting licenses because we are not in the compact.

And there is one other point that you should realize when you hear the States that belong to the compact. West Virginia needs one more of their adjacent States before they will enter the compact. We will be the second one. So the compact is growing.

I think it is very important that we put a stop to the poaching and slob hunters in Pennsylvania, and I strongly urge a “yes” vote.

Thank you, Madam Speaker.

The SPEAKER pro tempore. The Chair thanks the gentleman.

### LEAVE OF ABSENCE

The SPEAKER pro tempore. The Chair returns to leaves of absence and requests that the gentleman, Mr. KIRKLAND, be put on leave for the rest of the day. The Chair hears no objection.

### CONSIDERATION OF HB 2246 CONTINUED

The SPEAKER pro tempore. On final passage, the Chair recognizes the gentleman from Northumberland, Mr. Phillips.

Mr. PHILLIPS. Thank you, Madam Speaker.

Would the sponsor of HB 2246 stand for interrogation?

The SPEAKER pro tempore. The gentleman agrees. You may proceed.

Mr. PHILLIPS. I have a few concerns on this bill, and I guess the first question I have, do you know how many out-of-staters are violators or have been violators in this State that this bill would affect? Do we really have a problem?

Mr. LYNCH. Madam Speaker, I do not have the answer from the Fish Commission, but in the Game Commission it appears there are about 902, that if we became part of the compact, there would be 902 people who are in revocation that their name would be transferred to the other members of the compact.

Mr. PHILLIPS. I mean hunters coming from out of State to our State. How many violations, if they are a real problem, we have about 100,000 hunters that will come into our State from out of State. Do we know the violations, how many violations, would fall under this compact?

Mr. LYNCH. 902.

Mr. PHILLIPS. The second question is, if you recall, a couple of months ago we had the Tourism Committee hold hearings on a bill that would allow IRRC (Independent Regulatory Review Commission) to review the regulation of the Game Commission that would be on how the land is being used, and it was a concern of the Game Commission and a letter from the Game Commission that since IRRC – and this was just to give a view of the regulation – that IRRC was part of another government identity, and therefore, if we would allow that to happen, that we would lose the Pittman-Robertson funding, which is about \$8 million that comes into this State, and what my concern today is, if we go into a compact with other game and fish commissions whose identity is part of another State government organization, they are not an independent agency, and since they are not an independent agency and we are going into the compact with them, would the same thing apply, that we would possibly lose our Pittman-Robertson funds?

Mr. LYNCH. Thank you, Madam Speaker. Happy to answer that.

We will not lose it. The compact does not deal with the transfer of assets. The compact deals only with the transfer of names of people who have broken the law. So the Pittman-Robertson funds would not be impacted at all.

Mr. PHILLIPS. But it is not any different than another agency that is part of a government agency, like a lot of your fish and game commissions belong to another department within that State government, and you are asking them and tying in with them to suspend licenses in our State.

You know, I would like to see a letter or something from the United States fish and wildlife commission to whether this really is true. I know that is your opinion, but do you have anything from the United States fish and wildlife commission that will state that that is actually factual?

Mr. LYNCH. What I have is a discussion I have had with the Game Commission and the Fish Commission of Pennsylvania.

Mr. PHILLIPS. But I think we should have something, because they were concerned about the others, and I think there is some

concern here. But I just want to bring that up.

Mr. LYNCH. Well, Madam Speaker, may I add to that? You know, it is further proof that there is not a problem. I mean, when we communicated with some of the other 17 States, that issue was never brought up. So obviously there is not a problem with that.

Again, the Pittman money only comes about when you are looking to deal with assets, looking to deal with assets only. All this compact legislation does, Madam Speaker, is to allow for the transfer of names of people who have broken the law.

Mr. PHILLIPS. I believe that this chamber certainly should know for certain if this would be the case, and I still have questions whether it would or whether it would not be because of the hearing that was held a couple of months ago and what came out of that hearing, and the decision was that we would lose it because of that particular reason.

On page 7, item (q) defines “Wildlife officer” as “...any individual authorized by a participating state to issue or file a citation for a wildlife violation.” You know, at one time deputies in Pennsylvania had little training or practically no training and were authorized many of the same powers as a full-time WCO (wildlife conservation officer). Of course, in the last several years, the legislature has changed that.

And the question I have for you: Of these compact States, do we know the qualifications of the WCOs or deputies in those States that are currently in the compact, because we have to realize that Pennsylvania has more hunters go out of State than any other State, and therefore, what are their qualifications and what can happen in that particular— I would like to know what their qualifications are and how they are chosen.

Mr. LYNCH. Madam Speaker, I am happy to answer that as well.

We do not really need to know what their qualifications are, just like we do not need to know what the qualifications are of the State troopers in New York State, whom we have a reciprocal agreement with when it comes to loss of driver’s license. We do not have a reciprocal agreement with the Ohio State Police as well— I am sorry. We do not have a question about their abilities to perform the law.

Again, we are dealing with law enforcement. Each State is required to train their own law enforcement people, whether it is a State policeman, WCO, waterway or wildlife. They train their own. We do not have a need, just like we assume – and this is probably a safe assumption here – that the State Police in New York and in Ohio and in New Jersey and in Maryland, Delaware, and West Virginia are capable of doing the job, and that

is why when we enter into a reciprocal agreement for the loss of driver’s license, we do not question that.

Mr. PHILLIPS. We know what the qualifications of our State Police are. We know the amount of time they spend in school and what they have to pass to be able to go out on the highway and make arrests. The thing I am concerned about is, the same as we had in this State years ago, the deputy enforcement officers with the Game Commission had no training practically at all. What do these other States have? I will let it go at that, and I am concerned about that.

Another question I have, and listen to this very closely: In the compact the only State surrounding Pennsylvania that is part of the compact is Maryland, and they just went into that compact. Could you tell me why large States like New York, Ohio, Virginia, why they are not in the compact? What is the reason that they are not in

the compact?

Mr. LYNCH. I am happy to answer that as well, Madam Speaker.

First off, as the chairman of the committee had already mentioned, the State of West Virginia is going to enter into it as soon as one more State contiguous to it enters. So West Virginia will be picked up. We have talked to the folks in New York, and New York is interested as well.

I will tell you that New York and I assume Ohio as well are looking to Pennsylvania to take the lead on this. Once Pennsylvania gets in there, West Virginia is automatically going to go, and we believe that New York is going to follow closely.

So it is a matter of them looking to us to be the leader.

Mr. PHILLIPS. Madam Speaker, keep in mind that this compact, the only Eastern State is Maryland, with the exception of the Northeast, where Massachusetts is.

Now, let us take a look at the rest of the country, and there is not a Southern State that is in the compact, the great hunting States of the United States—

The SPEAKER pro tempore. Has the gentleman, Mr. Phillips, finished his interrogation?

Mr. PHILLIPS. I am sorry. I will get into more.

Currently our WCOs are schooled in Pennsylvania Game Code, and I suppose they are somewhat familiar with surrounding State laws. According to the fiscal note, the legislation shall have no adverse fiscal impact on Commonwealth funds. Does this mean funding for the establishment of the board will come from current Game Commission funds?

The SPEAKER pro tempore. Could we please have some quiet. The gentleman who is being interrogated cannot hear the questions. Could we please have some quiet in the hall of the House.

Would members please take their seats.

The gentleman, Mr. Phillips, may proceed. Would you please repeat your question, sir.

Mr. PHILLIPS. Currently our WCOs are schooled in Pennsylvania Game Code, and I suppose they are somewhat familiar with our surrounding State laws. What I had mentioned earlier was incorrect.

Will entering into the compact require our WCOs to become schooled in the other 19 States?

Mr. LYNCH. I am happy to answer that as well—

Mr. PHILLIPS. I am sorry. I was speaking and brought up what the costs would be.

Mr. LYNCH. I am happy to answer that, Madam Speaker, and the answer to that is, no, because all States are still required to live within their own rules and laws that apply in their own individual States. Again, this legislation spells out 10 specific areas where a license can be revoked. It is only those 10 areas that apply as long as they apply in one of the other States that are in the compact. If it is a revocable offense in one of the other States, then the license would be revoked. If it is not a revocable offense in one of the other States, then your license would not be revoked.

So again, there is not a need for the Pennsylvania WCOs to know the laws of the other States, because they only have to live with the laws of Pennsylvania.

Mr. PHILLIPS. HB 2246 authorizes the establishment of the Interstate Violator Compact, calls for the establishment by a participating State of a lengthy report mechanism to track violators, calls for a procedure for both the issuing State and the

home State, creates a board of compact administrators, among other things, and seemingly, there is no fiscal impact on Commonwealth funds. How could this be? I do not understand why there is no impact financially.

Mr. LYNCH. I am happy to answer that as well, Madam Speaker.

Can you hear?

Mr. PHILLIPS. Barely. Go ahead.

Mr. LYNCH. The answer to that question is, there will be almost no impact, because they will be utilizing existing personnel and existing technology—computers and so forth. Okay? Probably the only additional expense that you would be looking at are simple things, like maybe a couple long-distance phone calls, which would probably be negated a lot through the telecommunications systems that are now available, so there will not be the hiring of additional people in either of our agencies.

Mr. PHILLIPS. Can you tell me how many Pennsylvania residents are under suspension or revocation at this time?

Mr. LYNCH. 65 in fish and 3,800 in game.

Mr. PHILLIPS. Are these records maintained on a computer database?

Mr. LYNCH. Yes.

Mr. PHILLIPS. How do they check— You know, if they go into the compact, how do they get the information back and forth? Is that on a computer, or do they have to all be individually checked?

Mr. LYNCH. Yes; it would be via computer. And Representative Haluska's amendment, which we put into the bill yesterday, would further require that the Fish and Game Commissions update their computer systems for ready transfer. In addition to helping out internally in the State of Pennsylvania with such things as license sales, it would also speed up the ability of the transfer of names.

So again, it is a system that we have in place here with the Game and Fish Commissions already. It is one that is going to be further enhanced by the amendment that Representative Haluska offered yesterday.

Mr. PHILLIPS. But at this time it is not on a computer database?

Mr. LYNCH. At this time it is on the computer.

Mr. PHILLIPS. That would be difficult.

And the bill establishes a board of compact administrators. What is the compensation that members of the board would receive? What compensation?

Mr. LYNCH. We are unaware of any compensation for the members, expenses or otherwise.

Mr. PHILLIPS. They serve for free?

Mr. LYNCH. Pardon?

Mr. PHILLIPS. Will they serve on that board at no cost?

Mr. LYNCH. Yeah; absolutely.

Mr. PHILLIPS. Thank you, Madam Speaker.

That is the end of the interrogation. I would like to speak on the bill.

The SPEAKER pro tempore. The gentleman may proceed.

Mr. PHILLIPS. I have some problems with HB 2246. I do not believe we have the real, true answer or what the answer would be from the United States fish and wildlife commission as to what effect this could have on the Pittman-Robertson funds, which is about \$8 million, and it was about \$7,800,000 last year for the Pennsylvania Game Commission.

And I guess another reason is, I am really concerned as to why

there is only one State that surrounds Pennsylvania that is interested in the compact. There has to be a reason for that. Why is there no Southern State, and why is it mostly Western States? If this is such an important issue, why do we not have one Southern State, where a tremendous amount of hunting takes place, why do they not belong to the compact? And I do not believe— In fairness to our hunters in Pennsylvania, they are being fined; they are served a sentence; why should we do it the second time? I do not believe we have to do that, and then my concern also is, what is the cost?

And I think the real issue and really what makes me think that we should not support this bill is the view of the Unified Sportsmen, who do oppose this. I spoke with them, and the largest sportsman organization in the country, in the State, the NRA, is definitely opposed to this piece of legislation, and therefore, I ask for a negative vote.

Thank you, Madam Speaker.

The SPEAKER pro tempore. The Chair thanks the gentleman.

On the question recurring,

Shall the bill pass finally?

The SPEAKER pro tempore. Agreeable to the provisions of the Constitution, the yeas and nays will now be taken.

Armstrong	Kirkland	LaGrotta	Ryan, Speaker
-----------	----------	----------	------------------

The majority required by the Constitution having voted in the affirmative, the question was determined in the affirmative and the bill passed finally.

Ordered, That the clerk present the same to the Senate for concurrence.

\* \* \*

The House proceeded to third consideration of **SB 238, PN 2148**, entitled:

An Act amending Title 75 (Vehicles) of the Pennsylvania Consolidated Statutes, further providing for definitions, for suspension of operating privileges, for driving with suspended or revoked licenses, for chemical testing to determine alcohol or controlled substance amounts, for probationary licenses, for alcohol restrictions for certain drivers and for insurance benefits; providing for automated red light enforcement systems in first class cities; and further providing for meeting or overtaking school buses, for parking regulations, for driving under the influence of alcohol or a controlled substance, for slow moving vehicle emblems, for suspensions of inspection stations, for limitations on record disclosure, for vehicle impoundment, for vehicle immobilization, towing and storage, for disposition of impounded vehicles, combinations and loads and for recidivism.

On the question,

Will the House agree to the bill on third consideration?

Mr. **MAYERNIK** offered the following amendment No. **A3916**:

Amend Title, page 1, line 18, by inserting after "CITIES;" prohibiting operators from using mobile phones under certain circumstances;

Amend Sec. 4, page 14, line 8, by striking out "A SECTION" and inserting sections

Amend Bill, page 23, by inserting between lines 7 and 8 § 3315. Prohibiting use of mobile phones.

(a) Drivers subject to restrictions.—No driver with a learner's permit shall drive a motor vehicle on a highway in this Commonwealth, which shall include Federal, State and municipal highways, while using a mobile phone.

(b) Exception.—This section shall not apply to persons who use a mobile phone for the sole purpose of reporting an accident or emergency.

(c) Seizure.—The provisions of this section shall not be construed as authorizing the seizure or forfeiture of a mobile phone, unless otherwise

provided by law.

(d) Penalty.—A person who violates subsection (a) commits a summary offense and shall, upon conviction, be sentenced to pay a fine of not less than \$1 nor more than \$300 or to a period of community service to be determined by the sentencing authority.

(e) Definitions.—As used in this section, the following words and phrases shall have the meanings given to them in this subsection:

"Mobile hands-free phone." A telecommunications device that receives an analog signal or digital signal, or both, and is designed for use without being held by a person's hand while speaking into the device.

"Mobile phone." A telecommunications device that receives an analog signal or digital signal, or both, and that is designed for handheld use. The term includes a mobile hands-free phone.

On the question,

Will the House agree to the amendment?

The SPEAKER pro tempore. On that question, the Chair recognizes the gentleman, Mr. Mayernik.

The Chair recognizes the gentleman, Mr. Ross, from Chester County on the amendment.

Mr. ROSS. Thank you, Madam Speaker.

I want to speak against this amendment and urge a "no" vote on it, and I am fully aware of concern about distraction in driving, particularly in the use of cell phones. We have talked about this issue on the floor in the past in other forms, and we have rejected this concept, and I want to make sure that the members are aware that there is an alternative available in a bill that I have put forward to consider the entire question of distracted drivers and not just to try and take it piecemeal. It is a much more—

#### AMENDMENT WITHDRAWN

The SPEAKER pro tempore. For what purpose does the gentleman, Mr. Mayernik, rise?

Mr. MAYERNIK. That amendment is withdrawn, Madam Speaker.

Mr. ROSS. Oh; thank you.

The SPEAKER pro tempore. The Chair thanks the gentleman.

On the question recurring,

Will the House agree to the bill on third consideration?

Mr. **TRELLO** offered the following amendment No. **A3922**:

Amend Title, page 1, line 19, by removing the comma after "BUSES" and inserting

and

Amend Title, page 1, line 19, by removing the comma after "REGULATIONS" and inserting

; adding a penalty for violating provisions relating to blind pedestrians; and further providing

Amend Bill, page 29, by inserting between lines 29 and 30

Section 7. Section 3549 of Title 75 is amended by adding a subsection to read:

§ 3549. Blind pedestrians.

\* \* \*

(c) Penalty.—A violation of subsection (a) constitutes a summary offense punishable by a fine of not less than \$50 nor more than \$150.

Section 8. Section 3552 of Title 75 is amended to read:

§ 3552. Penalty for violation of subchapter.

[Any] Except as otherwise provided for in this subchapter, any pedestrian violating any provision of this subchapter is guilty of a

, (a.1) and (b)(4)

On the question,  
Will the House agree to the amendment?

The SPEAKER pro tempore. On the amendment, the Chair recognizes the gentleman, Mr. McCall.

Mr. McCALL. Thank you, Madam Speaker.

Madam Speaker, this is a technical amendment requested by the Governor's Office. It simply changes the effective date from immediate to 6 months to allow for system changes by the Department of Transportation.

I would ask for an affirmative vote.

The SPEAKER pro tempore. On the amendment, the Chair recognizes the gentleman from Blair County, Mr. Geist.

Mr. GEIST. Thank you, Madam Speaker.

This is an agreed-to amendment, and we would urge a "yes" vote.

The SPEAKER pro tempore. The Chair recognizes the gentleman from Columbia County, Mr. Gordner.

Mr. GORDNER. Thank you, Madam Speaker.

I heard the explanation of Representative McCall, and I looked at the number on the board, and they do not seem to go together, and I am just wondering if his explanation goes with the amendment on the board.

The SPEAKER pro tempore. 3943 is what was read.

The Chair recognizes the gentleman, Mr. McCall.

Mr. McCALL. Yes, Madam Speaker; it is just changing the effective date of the act from immediate to 6 months.

On the question recurring,  
Will the House agree to the amendment?

The majority having voted in the affirmative, the question was determined in the affirmative and the amendment was agreed to.

On the question recurring,  
Will the House agree to the bill on third consideration as amended?

Mr. McCALL offered the following amendment No. **A3944**:

Amend Sec. 6 (Sec. 3354), page 25, line 24, by striking out "A HANDICAPPED PARKING SYMBOL" and inserting an international symbol for access for persons with disabilities

Amend Sec. 6 (Sec. 3354), page 25, line 26, by inserting after "SUBSECTION."

A vehicle may only be towed under this paragraph if the parking space is posted with a sign indicating that vehicles in violation of this section may be towed.

Amend Sec. 6 (Sec. 3354), page 26, lines 9 and 10, by striking out "A HANDICAPPED PARKING SYMBOL" and inserting an international symbol for access for persons with disabilities

Amend Sec. 6 (Sec. 3354), page 26, lines 18 and 19, by striking out "A HANDICAPPED PARKING SYMBOL" and inserting an international symbol for access for persons with disabilities

Amend Sec. 6 (Sec. 3354), page 26, line 24, by inserting after "COSTS."

A vehicle may only be towed under this paragraph if the parking space is posted with a sign indicating that vehicles in violation of this section may be towed.

On the question,  
Will the House agree to the amendment?

The SPEAKER pro tempore. On that question, the Chair recognizes the gentleman, Mr. McCall.

Mr. McCALL. Thank you, Madam Speaker.

Again, Madam Speaker, this is clarifying language to ensure that the Vehicle Code conforms with the usage of the international symbol for access for persons with disabilities, to say that that sign has to be present for the automobile to be towed.

The SPEAKER pro tempore. On the amendment, the Chair recognizes the gentleman from Blair County, Mr. Geist.

Mr. GEIST. Thank you, Madam Speaker.

This amendment is also agreed upon, and we would urge a “yes” vote.

Speaker

The majority having voted in the affirmative, the question was determined in the affirmative and the amendment was agreed to.

On the question recurring,  
Will the House agree to the bill on third consideration as amended?

Mr. McCALL offered the following amendment No. A3947:

Amend Title, page 1, line 22, by inserting after “STATIONS,”  
for moving wooden structures,

Amend Sec. 8, page 32, line 17, by inserting after “4724,”  
4977(3) and (4),

Amend Sec. 8, page 34, by inserting between lines 20 and 21  
§ 4977. Permit for movement of wooden structures.

An annual permit may be issued for the movement on highways of certain wooden structures which exceed the maximum length, width and height specified in Subchapter B (relating to width, height and length), subject to the following conditions:

\* \* \*

(3) The wooden structure or structures must be transported on a trailer [designed solely for] of a type approved by the department to accommodate the transportation of [such] structures [and not used for the transportation of any other type of load] which do not exceed the width, length or height specified in this section.

(4) Movement under this section is limited to roof trusses, wooden utility sheds, gazebos, garages and play equipment. Other components that do not exceed width, length or height specified in this section may be carried in conjunction with movements under this permit.

On the question,  
Will the House agree to the amendment?

The SPEAKER pro tempore. On that question, the Chair recognizes the gentleman, Mr. McCall.

Mr. McCALL. Thank you, Madam Speaker.

Madam Speaker, this is actually a business-friendly amendment. It corrects language that was inserted into the code a number of years ago that allowed only one company, one make of vehicle, to transport roof trusses throughout the Commonwealth of Pennsylvania. This would change that language from designated solely to transport trusses to a type approved by the Department of Transportation.

I would ask for an affirmative vote.

The SPEAKER pro tempore. The Chair thanks the gentleman and recognizes the gentleman from Blair County, Mr. Geist.

Mr. GEIST. Thank you, Madam Speaker.

This is corrective language. It is agreed upon, and we think it strengthens the bill and would ask for a “yes” vote.

The majority having voted in the affirmative, the question was determined in the affirmative and the amendment was agreed to.

On the question recurring,

Will the House agree to the bill on third consideration as amended?

Mr. McCALL offered the following amendment No. A3968:

Amend Title, page 1, line 20, by removing the comma after "SUBSTANCE" and inserting and

Amend Title, page 1, line 21, by removing the comma after "EMBLEMS" and inserting ; providing for operation of motor homes on certain highways; further providing for length of vehicles,

Amend Sec. 8, page 32, lines 16 through 18, by striking out all of said lines and inserting

Section 8. Sections 4529(a) and 4724 of Title 75 are amended to read:

Amend Bill, page 34, by inserting between lines 20 and 21 Section 8.1. Title 75 is amended by adding a section to read:

§ 4908.1. Operation of motor homes on interstate and certain other highways.

(a) General rule.—Motor homes exceeding 40 feet in length but not exceeding 45 feet in length may be driven only on the types of highways and under the limitations set forth below:

(1) On a designated network consisting of all interstate highways and portions of Federal aid primary highways having at least a 48-foot-wide roadway or two 24-foot-wide roadways and designated by the department as capable of safely accommodating motor homes.

(2) Between the designated national network and:

(i) The location where the motor home is garaged.

(ii) The destination of the recreational vehicle.

(iii) A facility for food, fuel, repair, service or rest having an entrance within the access limitation prescribed under Federal Highway Administration regulation of the nearest ramp or intersection, but only on highways having lanes at least ten feet wide.

(3) On highways marked with traffic route signs having travel lanes at least ten feet in width unless prohibited by the department on State highways or the municipality on local highways based on safety reasons and marked with signs prohibiting such vehicles.

(4) Between the highways authorized under paragraph (3)

and:

(i) The location where the recreational vehicle is garaged.

(ii) The destination of the recreational vehicle.

(iii) A terminal or facility for food, fuel, repair, service or rest having an entrance within two miles of the nearest ramp or intersection, but only on highways having lanes at least ten feet wide.

(5) Approval of a highway other than as designated under paragraphs (1) through (4) shall be obtained from the:

(i) City in the case of a highway in a city.

(ii) Department in the case of a State highway not in a city, except that the department will, upon request, delegate authority to approve routes under this subsection to a municipality which has been delegated authority to issue permits under section 420 of the act of June 1, 1945 (P.L. 1242, No.428), known as the State Highway Law.

(iii) Municipality in the case of a local highway not in a city.

(b) Notice.—Notice regarding approval and revocation of routes shall be in conformance with section 4908 (relating to operation of certain combinations on interstate and certain other highways).

Section 8.2. Sections 4923(a), 6114(c), 6309, 6309.1, 6309.2, 6310

and 6503 of Title 75 are amended to read:

§ 4923. Length of vehicles.

(a) Motor vehicles.—

(1) Except as provided in paragraph (2), no motor vehicle, including any load and bumpers, shall exceed an overall length of 40 feet.

(2) Paragraph (1) does not apply to the following:

(i) A motor vehicle equipped with a boom or boomlike device if the vehicle does not exceed 55 feet.

(ii) A bus or motor home which does not exceed 45 feet.

(iii) An articulated bus which does not exceed 60 feet.

\* \* \*

On the question,

Will the House agree to the amendment?

The SPEAKER pro tempore. On that question, the Chair recognizes the gentleman, Mr. McCall.

Mr. McCALL. Thank you, Madam Speaker.

Madam Speaker, this amendment would allow for motor homes up to the length of 45 feet to travel on designated highways and our interstate highways in the Commonwealth. We would be increasing that number from 40 feet to 45 feet.

We do have a number of manufacturers that manufacture these homes currently in the Commonwealth. The Commonwealth currently titles and licenses these vehicles. However, they are not allowed to travel the roads of the Commonwealth. We are just allowing these types of motor homes to travel interstate highways and designated highways as well as to and from where they are garaged and their destination.

I would ask for an affirmative vote.

The SPEAKER pro tempore. The Chair thanks the gentleman.

On the amendment, the Chair recognizes the gentleman from Blair County, Mr. Geist.

Mr. GEIST. Thank you, Madam Speaker.

This amendment restricts these motor homes to certain highways in Pennsylvania, and it is a compromise amendment that has been worked out, and we would hope that the administration will go along with it now instead of later, and I would ask for a “yes” vote.

Armstrong Kirkland LaGrotta Ryan,  
Speaker

The majority having voted in the affirmative, the question was determined in the affirmative and the amendment was agreed to.

On the question recurring,

Will the House agree to the bill on third consideration as amended?

Mr. HALUSKA offered the following amendment No. A3945:

Amend Title, page 1, lines 20 and 21, by striking out “FOR SLOW MOVING VEHICLE EMBLEMS,”

Amend Sec. 8, page 32, line 16, by striking out “4529(a),”

Amend Sec. 8 (Sec. 4529), page 32, lines 19 through 30; page 33, lines 1 and 2, by striking out all of said lines on said pages

On the question,

Will the House agree to the amendment?

The SPEAKER pro tempore. On that question, the Chair recognizes the gentleman, Mr. Haluska.

Mr. HALUSKA. Thank you, Madam Speaker.

Madam Speaker, I have to bring this amendment today for the simple fact that the Senate inserted language, section 4529, into this bill. In my district we have had a real problem with a group of Amish that have moved into Cambria County from Ohio, and this certain bishop will not allow them to use the slow-moving-vehicle sign, the orange triangle, in the back of their buggies. The State Police have ticketed 29 times this family, and they refuse to pay the tickets. It went to Cambria County Court. Cambria County Court, after the deliberation and the trial, has found them guilty, and now the ACLU (American Civil Liberties Union) has gotten involved, taking it through Cambria County Court, and now they are appealing it to the Commonwealth Court.

What they want to do and what the Senate inserted into this bill was to allow any vehicle that is drawn by an animal not to have to use the triangle on the rear of the vehicle. There are tens of thousands of Amish in this State, and they all adhere to this, and not only do they do that; they put lights, turn signals, and reflective tape on their buggies. This particular group does not want to do any of the above, and they will furnish themselves with some gray reflective tape, which works well at night but it does not do anything in dusk and dawn situations, in foggy and snowy days. And the triangle is basically a universal symbol across the United States that alerts people as they approach this vehicle that it is a slow-moving vehicle and to beware and to know that it is a slow-moving vehicle because they are going to be closing in on it very fast.

The Pennsylvania Farm Bureau in Cambria County, the township supervisors of Cambria County, and I had written letters to the judge, asking them to enforce the law in Pennsylvania, and what we are going to do here today if we do not pass my amendment is, across Pennsylvania anything that is drawn by an animal is going to be able to remove that triangle, and it is going to

be a safety issue. It is not a religious issue; it is a safety issue. When the carriages in Philadelphia take people on rides downtown, when the carriages in Harrisburg and Pittsburgh and across this State, they will no longer have to use that symbol on the back of their vehicles if we let this language stand in this bill.

So what I am asking today is to adopt this amendment, to take this language out, and to adhere to the laws that we have in Pennsylvania that the slow-moving triangle must be on a vehicle that is moved under 25 miles an hour.

And I understand this sect from Ohio that came to Pennsylvania, that does not want to adhere to our laws, they have threatened to go back to Ohio. Well, I really feel if they are going to use our transportation corridors and they are going to put our people at risk of hitting them and injuring themselves plus the Amish, that we cannot afford to change the law in Pennsylvania for a few families of Amish which have moved here from Ohio.

So to that degree, I am asking for support for this, and I did supply a tape to all of the members of the Transportation Committee, and I would like to have a few of those people stand up and give some comments on this bill, but I implore everybody in this House to adopt this amendment so that we do not change the laws of Pennsylvania and put a lot of people at risk, not only the Amish but the people that are going to run into the Amish in their buggies.

So I would ask for an affirmative vote.

The SPEAKER pro tempore. The Chair thanks the gentleman and recognizes the gentleman from Lancaster County, Mr. Schuler. Mr. SCHULER. Thank you, Madam Speaker.

I rise in support of the gentleman's amendment.

I represent approximately 80-some percent of the Amish population in Lancaster County and probably the largest Amish population in Pennsylvania. Over a number of years, I have worked with the Amish community, and we came to an agreement with the Lancaster County Amish regarding the protection for their carriages.

What we are doing today, if this stays in the bill, is we are going to open this up to a very unsafe situation. Lancaster County, as you know, is one of the largest tourist areas in Pennsylvania. We have tremendous traffic problems there at the present time. We cannot afford to take this triangle off these buggies and wagons, as we call them in Lancaster County. It is not only the Amish; there are other sects in Lancaster County who are not Amish who still use the horse and wagon. So I think what we have here is a safety issue that we have to be very, very careful in what we are doing.

To me, in Lancaster County right now, just about 2 weeks ago, we had a tragic accident with an Amish carriage, where a van moved into the back end of a carriage and a few people were killed. We cannot afford for this to happen. It is not only for the Amish group, but it is also for the people who are the motoring public.

I understand the situation with this Amish sect, and I appreciate it, but I think safety has to be the major concern, and therefore, I ask for an affirmative vote for the Haluska amendment.

Thank you, Madam Speaker.

The SPEAKER pro tempore. The Chair thanks the gentleman and recognizes the lady from Indiana County, Ms. Steelman.

Ms. STEELMAN. Thank you, Madam Speaker.

Although I am unhappy to be at odds with two members I respect as much as I do the previous two speakers, I rise to ask for a negative vote on this amendment for two reasons, the primary one being that as I understand it, we as a State government can

only interfere with the expression of religious beliefs by our citizens when we can demonstrate that there is a compelling State interest in doing so.

My original impression of this Amish group was that their desire to use a different method of marking their vehicles was not reasonable and that conceivably forbidding them to do so did represent a compelling State interest. However, after looking at data that has been provided to us concerning, for example, the observation that there is no difference in the accident rate between buggies that are marked in the way that the Swartzentruber Amish wish to mark theirs and buggies that are marked using the orange triangle; after looking at a diagram of the tape markings that are proposed to be used, which actually outline the form of the vehicle more effectively and make it clearer that what you are approaching as a driver is in fact a large, boxy vehicle; and after reading the study of the relative reflectivity of the tape versus the orange triangle, taking into consideration the fact that even in dusk or in snowy conditions, drivers in Pennsylvania are supposed to be using their headlights if they cannot see more than 1,000 feet ahead, it seems to me that there are no valid scientific or statistical reasons to assume that forcing these individuals to violate their religious convictions, which we may not agree with but which are not subject to our definition of religious belief, whatever that may be, we are imposing upon them an unnecessary, undesirable, and possibly unconstitutional interference with their religious belief to no particular purpose.

Therefore, I would suggest that we defeat the amendment and offer these people the opportunity to express their religious beliefs in the way that they feel is most appropriate and safest.

The SPEAKER pro tempore. The Chair thanks the lady and recognizes the gentleman from Montgomery County, Mr. Bunt.

Mr. BUNT. Thank you, Madam Speaker.

Madam Speaker, I rise to support the amendment introduced by Representative Haluska.

I would disagree with the previous speaker as to the new emblem, that it just is not seen in the daytime. It seems to be blending in with the carriages and the carts that are on the roads. We have come, since the 1950s, to accept the triangle and recognize it as a symbol that indicates to the motoring public that it is a slow-moving vehicle.

Madam Speaker, there is a large agricultural and rural community that exists in Pennsylvania. A higher percentage of Pennsylvanians live in rural communities than any other State in the nation, and as such, we have a lot of communities throughout the Commonwealth that utilize this symbol, and it is recognized by the largest percentage of people here in Pennsylvania to indicate to them the safety factor of a slow-moving vehicle.

In addition, this particular emblem that has been accepted throughout the Commonwealth has been defined by the American Society of Agricultural Engineers, and it is one that has been, as I had indicated, accepted by the motoring public and the community at large as to indicate to them slow-moving vehicles, and so I would rise to support the gentleman's amendment. Thank you.

The SPEAKER pro tempore. The Chair thanks the gentleman and recognizes the gentleman from Centre and Mifflin Counties, Mr. Benninghoff.

Mr. BENNINGHOFF. Thank you, Madam Speaker.

I was not sure what I wanted to do on this bill when I first came here today, but I think Representative Haluska has presented some interesting information. I have a question as well as a statement.

That reflective tape, is that similar to what we use in EMS (emergency medical services)?

The SPEAKER pro tempore. Are you asking to interrogate the maker of the amendment?

Mr. BENNINGHOFF. I apologize; yes. Could I ask the maker of the amendment a question, please?

The SPEAKER pro tempore. The gentleman agrees. You may proceed.

Mr. HALUSKA. Yes, Madam Speaker; that tape basically is the same reflective tape that you use on any vehicle, whether it be a tractor-trailer, an EMS vehicle. It is a reflective, Scotchlike material, and it shows up very well at night, but that does not do anything for us for during the day.

Mr. BENNINGHOFF. That is the point I would like you to just highlight. You said that it is not as effective probably in foggy situations, snow situations, and/or different light times of the day. Is that correct?

Mr. HALUSKA. If there is not light shining on it, it is not effective.

Mr. BENNINGHOFF. Thank you.

If I may make a statement?

The SPEAKER pro tempore. The gentleman may proceed.

Mr. BENNINGHOFF. I want to thank the maker of the amendment for clarifying that, because I think we need to think about our practices in our hunting. In Pennsylvania, as hunting has evolved, we used different colors – the old Woolrich black-and-white outfit; some guys have worn yellow – but the most universally recognized color is blaze orange. We have a requirement to wear a certain amount, I think it is 122 inches of blaze orange, while we are hunting.

We have young drivers on the road, and one of the things that they are trained in their driver's ed is to be respective of those orange triangles. When we talk about safety on the road, we are not only talking about the buggy operators; I think we need to be thinking about the respect and the safety of the individuals that are driving behind these vehicles and other motorists on the road. Many of you have probably experienced a time driving on a foggy day where you think a motorcycle is coming to you in the other direction, only to be frightened when you realize it is a full-size vehicle with a headlight out.

I think we need to support Representative Haluska's amendment. I think we have a universally recognized symbol that all drivers, all motorists on the road, know that that is an animal-driven vehicle, and more importantly, that the blaze orange is a universally accepted sign. Thank you.

The SPEAKER pro tempore. The Chair thanks the gentleman.

### LEAVE OF ABSENCE

The SPEAKER pro tempore. The Chair interrupts the proceeding to request that the gentleman, Mr. WRIGHT, from Bucks County be placed on leave for the remainder of the day. Without objection, the leave is granted.

### CONSIDERATION OF SB 238 CONTINUED

The SPEAKER pro tempore. On the amendment, the Chair recognizes the gentleman from Allegheny County, Mr. Pippy.

Mr. PIPPY. Thank you, Madam Speaker.

Would the maker of the amendment be willing to interrogation?

The SPEAKER pro tempore. The gentleman agrees. You may proceed.

Mr. PIPPY. I have a couple questions, Madam Speaker.

First, we had discussed this issue preliminarily in the Transportation Committee, and one of the issues that did come out was that other States have already allowed this alternative signage.

I want to make sure I understand your problem with this. Is it a daylight-versus-night issue, or is it you do not believe that they should be allowed to have alternative signage on the slow-moving, horse-drawn vehicles?

Mr. HALUSKA. No, Madam Speaker. I would agree that any other markings would be welcome, whether it be reflective tape, turn signals, lanterns, whatever they want to use, but during the day, those are very ineffective. The only thing that is effective at dusk, twilight, during the day, is the orange triangle, because it is not in a low enough light situation that you get a reflection but it obviously is a symbol that drivers are trained to know that when they come upon this symbol, they have a slow-moving vehicle ahead of them and to prepare to start to slow down.

Mr. PIPPY. Thank you.

One of the issues and concerns I have is, is there any statistical data showing that carts, wagons, that are marked in the alternative manner have had a higher rate or incidence of accidents either during the daytime or night in Pennsylvania or – well, obviously not in Pennsylvania yet but in other States?

Mr. HALUSKA. It depends whose study you believe. There are studies that have come up with statistics that show either way that the orange triangle is an advantage. Some people say that it is not an advantage. But the trouble that we have is, it is a universally recognized insignia, which is today in place across the United States, and what we are doing is trying to break that. It is strictly a safety issue not only for the people that are driving the vehicles, the Amish or whoever, like Representative Schuler said; it is the people that have a chance of having an accident, running into one of these vehicles.

### PARLIAMENTARY INQUIRY

Mr. PIPPY. Madam Speaker, I have a question. Would it be appropriate to either ask the maker of the amendment or someone else? My question concerns the language he wants to strip out, so it is not the amendment itself but the language in the bill that he wants to strip out. I want to make sure I completely understand what we are trying to pull out of this bill.

The SPEAKER pro tempore. You should address the maker of the amendment.

Mr. PIPPY. Thank you, Madam Speaker.

Mr. HALUSKA. It is section 4529, "Slow moving vehicle emblem." The section is amended to permit the display of strips of gray reflective material, tape, to outline the perimeter of the rear of an animal-drawn vehicle instead of the current fluorescent orange, slow-moving-vehicle emblem.

So basically, what the language that the Senate put in was to say, if they put a reflective gray tape at the rear of the vehicle, they can remove the orange triangle.

Mr. PIPPY. Now, would that apply to all Amish sects or any individual with a horse-drawn, slow-moving vehicle, or would that apply to the limited group that we are talking about today?

Mr. HALUSKA. That would apply to any animal-drawn vehicle, period.

Mr. PIPPY. If we could get that language limited to individuals

or organizations that have religious convictions against that and come up with some type of alternative marking system not only to cover what we, I think, uniformly agree is a better system at night but potentially address either red tape or some other type of daytime marking system, would you be more acceptable to that in the future?

Mr. HALUSKA. At this point I believe what Representative Schuler had said, that they fought long and hard with Amish across this State and the Mennonites that still use buggies to get to this point, and I would not want to regress and go backwards.

Mr. PIPPY. Okay. Thank you.

Madam Speaker, a comment on the amendment?

The SPEAKER pro tempore. The gentleman may proceed.

Mr. PIPPY. First, I understand the gentleman's issues with standardization of marking, in particular when it deals with safety. One of my biggest concerns, however, and the reason I asked that last question was, our Commonwealth was built, was founded, on religious freedoms and expression. I do not have any individuals who are constituency, by the way, that have, quote, "a horse in this race." What I do have, though, is a concern that we are not willing to try to find an alternative means to address what is, based on other States and other Supreme Courts, a legitimate religious concern.

I had even offered to the gentleman that potentially we could amend it so we could address the daylight issue as well as additional markings. I, as much as anyone else, do not want to put the traveling public at risk. However, we have situations where other States are able to accommodate not only the safety issue but the ability to have tolerance in religion. I think that is the median that we as a Commonwealth have traditionally sought to find and should find now.

For that reason I am going to vote "no" on this amendment. I think the bill as it is drafted is a little broad and should be corrected to be specific to "religious," and I completely respect the wishes of the gentleman and his desire to pull that out, but I think in many cases, especially where there is no statistical data to say that there is a safety risk, that we should err on the side of tolerance, and for that I would ask my colleagues to vote "no."

Thank you, Madam Speaker.

The SPEAKER pro tempore. The Chair thanks the gentleman and recognizes the gentleman from Bucks County, Mr. Melio.

Mr. MELIO. Thank you, Madam Speaker.

I rise in support of Representative Haluska's amendment.

As a member of the Transportation Committee, we were provided videos, and they were very impressive. As a matter of fact, when you have a vehicle that goes 5 to 8 miles per hour and you do not know whether the horse is going to go left or right or back up or whatever and the vehicles that are coming behind them are traveling 50 miles an hour and sometimes a lot faster, it could really present a hazard, and this is really a great safety benefit to anyone who has this kind of a vehicle, and I urge passage.

Thank you, Madam Speaker.

The SPEAKER pro tempore. The Chair thanks the gentleman and recognizes the gentleman from Huntingdon County, Mr. Sather.

Mr. SATHER. Thank you, Madam Speaker.

For the purpose of interrogation.

The SPEAKER pro tempore. The gentleman agrees. You may proceed.

Mr. SATHER. Madam Speaker, I had two questions. One has been resolved for me by one of the previous speakers.

The question I have deals with the defense of the charges that were made in common pleas court? Am I correct?

Mr. HALUSKA. It is now going to the Commonwealth Court.

Mr. SATHER. All right.

PENNDOT made their position known at that time and the compelling reasons why they felt that this was not appropriate. I know you have touched on that, but could you amplify what PENNDOT's position was as compelling safety reasons?

Mr. HALUSKA. Yes, Madam Speaker.

What happened is, they were giving warnings to this particular sect that moved into the area in northern Cambria County, but they basically were refusing to put the triangle on, so as the complaints came from the citizens which had the near collisions, then, of course, the State Police got a lot of phone calls; I got a lot of phone calls. We in turn called the State Police and asked them why they were not enforcing the law. Once the heat from the people was turned up, then they had no other means but to start writing citations. I mean, you know, the citizenry was up in arms basically on the State Police, and they basically started writing these citations.

Mr. SATHER. But when the case was in court—

Mr. HALUSKA. Yes.

Mr. SATHER. —PENNDOT responded to the reasons why they felt it was still inappropriate to use the gray tape, and they stated some compelling reasons for that, did they not?

Mr. HALUSKA. I did not follow the court hearing verbatim, but I followed the news stories that came out of it, and they had expert witnesses on both sides of this issue testify, and I am sure PENNDOT was in that mix, and as far as I know, the judge made his decision on the evidence that was presented, and he ruled against the Amish.

Mr. SATHER. The other part, you said that this ruling by the courts would not just apply to this one sect but all?

Mr. HALUSKA. This would basically, if we were to overturn this with this legislation, if we did not put this amendment in, anybody across this State, any Amish, any Mennonite, anybody that had just a sleigh that they basically went out or a buggy, a surrey, that they took a ride, would be able to remove that slow-moving triangle from their wagon or buggy or whatever. We are erasing this across the State.

Mr. SATHER. Thank you.

That is all. I would just like for a comment.

The SPEAKER pro tempore. The gentleman may proceed.

Mr. SATHER. I am going to support this amendment. I think it is rather clear and convincing evidence that I was able to read some of it in the paper back home that PENNDOT made its point rather clearly and the courts ruled. Now, I know this is going to go up to higher court, but my position and I recommend that others will support this amendment. Thank you.

The SPEAKER pro tempore. The Chair thanks the gentleman and recognizes the gentleman from Washington County, Mr. Daley.

Mr. DALEY. Thank you, Madam Speaker.

Will the maker of the amendment stand for a brief interrogation?

The SPEAKER pro tempore. The gentleman agrees. You may proceed.

Mr. DALEY. Madam Speaker, it is my understanding then, the crux of this issue is that there is a small group of Amish religious sect in and around Cambria County that do not adhere to using the

triangle symbol because of some religious reason. Is that correct?

Mr. HALUSKA. That is true.

Mr. DALEY. And what is that religious reason? Are you aware of that?

Mr. HALUSKA. Because of the color; it is a bright color.

Mr. DALEY. And do you have any idea as to what the connotation of wearing a bright color on an Amish vehicle would represent to the Amish in this particular sect?

Mr. HALUSKA. Evidently, it does not affect tens of thousands of them in this State, because I have seen many of those myself in the Big Valley or through Lancaster or wherever you go. I think it is a sect that basically has dug in their heels and just will not cooperate with us, with the law that we have on the book.

Mr. DALEY. Now, my question was, do you know why orange is so offensive to them?

Mr. HALUSKA. No, I do not.

Mr. DALEY. And what your amendment basically does is, it says that they must be compelled to use this symbol which represents this color that is offensive religiously to them. Is that correct?

Mr. HALUSKA. We are saying, if you are going to use our transportation system, you must use it. If you want to drive in the fields or you want to go anywhere else, that is fine. Do not use our transportation system and put our people in jeopardy if you do not want to use our symbol.

Mr. DALEY. Now, I think you said earlier that there have been studies that indicate both positively and negatively the impact of wearing a triangle on the back of a slow-moving vehicle. Is that correct?

Mr. HALUSKA. That is correct.

Mr. DALEY. Have there been any studies that indicate that accidents have been prevented by using this symbol on the back of a slow-moving vehicle?

Mr. HALUSKA. That, I cannot answer.

Mr. DALEY. I know for a fact, Mr. Speaker, that it is not true; that last week someone was killed, a mother and a daughter were killed in Lancaster County, and it is my understanding that that particular sect has this orange symbol on the back, but nevertheless, that did not stop that accident from occurring. Are you aware of that?

Mr. HALUSKA. And they also had lights and reflective tape on that buggy.

Mr. DALEY. But none of that stopped an accident from occurring. Is that correct?

Mr. HALUSKA. Right.

Mr. DALEY. Now, we let bicycles share the road, Mr. Speaker, in Pennsylvania. Is that true?

Mr. HALUSKA. Very true.

Mr. DALEY. And are there any requirements that require that a bicycle have an orange triangle on the back?

Mr. HALUSKA. If you will notice, all bicycles today have reflective material all over them – sides, front, and back.

Mr. DALEY. Is that required by law, Mr. Speaker? Do you know that?

Mr. HALUSKA. I do not know if it is required by law, but the bike manufacturers have seen fit to put the reflective material on their products.

Mr. DALEY. Now, my understanding, Mr. Speaker, the case that you talked about that is going to Commonwealth Court is one individual who refused to pay citations, who was found guilty in the court of common pleas in Cambria County; that he did not

abide by the law. Is that correct?

Mr. HALUSKA. Several family members have been cited; 29 violations in all.

Mr. DALEY. And how many people are actually involved with this religious group?

Mr. HALUSKA. I do not know what the families contain; maybe upwards of 80 people in these numerous families.

Mr. DALEY. How many accidents have occurred because there were no symbols on the back of these slow-moving vehicles in Cambria County?

Mr. HALUSKA. Thank God, none so far.

Mr. DALEY. But there have been no accidents?

Mr. HALUSKA. There have been quite a few near-misses.

Mr. DALEY. As well as bicycles, I am assuming, too, in Cambria County?

Mr. HALUSKA. As well as Amish buggies; there have been quite a few near-misses.

Mr. DALEY. And is there any consequence if we pass this legislation that that group may decide to move out of Pennsylvania because of this oppressive, as they may view it, oppressive law that we may pass?

Mr. HALUSKA. Yes; they have threatened to move back to Ohio.

Mr. DALEY. Madam Speaker, on the amendment.

The SPEAKER pro tempore. The gentleman may proceed.

Mr. DALEY. Madam Speaker, with all deference to my good friend, Representative Haluska, I rise to oppose this amendment. I think we all ought to take a chance to look, that this is a religious issue; it is not a safety issue, by and large. We have a religious group, the Amish – they are not in my district; unfortunately, they are in his district, but they are all over Pennsylvania – that really, truly believe that they cannot have this symbol on the back of their vehicle because of religious reasons. If we decide to take it to the next step and tell them that you cannot have this or you have to have this, I think what we are doing is really overreaching and overstepping our constitutional rights here, and I believe that that legislation, when that case goes to Commonwealth Court or goes to the Supreme Court of Pennsylvania, it is going to be stricken down as unconstitutional.

So I ask for a negative vote.

The SPEAKER pro tempore. The Chair thanks the gentleman and recognizes the gentleman from Carbon County, Mr. McCall.

Mr. McCALL. Thank you, Madam Speaker.

I would ask the members of this General Assembly to support the Haluska amendment. Madam Speaker, I think we have heard a number of speakers who spoke on this issue and talked about how it has been studied for the last 50 years, and truly it has been studied for the last 50 years by Ohio State University, the Automotive Safety Foundation, the American Society of Engineers, and it has been adopted as a national standard as far as the slow-moving-vehicle emblem by the American National Standards Institute.

But the bottom line is this, that this is a public safety issue. And I understand about religious freedom; I think we all do. But when individuals are using public thoroughfares and we are endangering the motoring public because of vehicles that are moving slowly on Commonwealth roads, Commonwealth highways, we should be protecting the motoring public, and I think the Haluska amendment is a good amendment and that we should be supporting it.

Thank you, Madam Speaker.

The SPEAKER pro tempore. The Chair thanks the gentleman

and recognizes the gentleman from Bedford County, Mr. Hess.

Mr. HESS. Thank you, Madam Speaker.

Just a few questions of the maker of the amendment, if I may.

The SPEAKER pro tempore. The gentleman agrees. You may proceed.

Mr. HESS. Thank you.

Madam Speaker, in the previous interrogation, I did not catch the answer. I think the question was asked, were there any accidents in the last 2 years concerning buggies or horse-drawn vehicles?

Mr. HALUSKA. No, Madam Speaker, we have had no accidents; we have had a lot of near-misses.

Mr. HESS. How do you document near-misses?

Mr. HALUSKA. When people go to the State Police and file a complaint, when people come into my office and file a complaint, that they almost had an accident because they almost ran into a buggy because they did not see it in time, and they want to know why they are not having any markings on their vehicles or the slow-moving triangle to alert them that they are a slow-moving vehicle ahead of them.

Mr. HESS. Just one more question.

Do they have any markings at all on the vehicles?

Mr. HALUSKA. As of now, no.

Mr. HESS. No markings at all?

Mr. HALUSKA. No.

Mr. HESS. Thank you, Madam Speaker.

If I may.

The SPEAKER pro tempore. The gentleman may proceed.

Mr. HESS. I would just like to say that this is a standard across the State, and I think this is a safety issue, and I think that we ought to support the amendment. Thank you.

The SPEAKER pro tempore. The Chair thanks the gentleman and recognizes the lady from Indiana County, Ms. Steelman, for the second time on the amendment.

Ms. STEELMAN. Thank you, Madam Speaker.

I want to reiterate that, yes, it is a safety issue. However, no evidence has been presented that suggests that the reflective tape that the Swartzentruber Amish propose to use is less safe than the orange triangle that PENNDOT wants to impose upon them. I do not think there is any question that having some kind of marking on a slow-moving vehicle is safer than nothing at all, but we have not seen any indication that one method of marking a vehicle is comparatively safer than the other. And I know, because we also have a significant Amish community in Indiana County, that having orange triangles on buggies does not mean that there are not near-misses and it does not mean that there are not accidents, and as far as I can see, if there is no perceptible difference in the degree of safety conferred by the two methods, that we should not be suppressing the religious expression of a minority religion just because, apparently, as some people are suggesting, it is a minority religion. The fact that it is not a system of belief for the majority of Amish does not mean that it is not a valid religious belief, and it is my contention that in the absence of evidence of a significant difference in safety, that we should respect the religious belief even of a rather small group of devout Pennsylvanians.

The SPEAKER pro tempore. The Chair thanks the lady and recognizes the gentleman from Blair County, Mr. Stern.

Mr. STERN. Thank you.

I was wondering if I could interrogate the chairman of the Transportation Committee?

The SPEAKER pro tempore. The gentleman agrees. You may

proceed.

Mr. STERN. Thank you, Madam Speaker.

Madam Speaker, I am looking at the language in the bill, and I understand the ramifications of the amendment as it was inserted in the Senate, what it was intended to do, and I know and I do believe that it is a religious rights issue by a particular sect of Amish.

My question to the chairman of the Transportation Committee, is this amendment drafted correctly or is the language that was inserted in the Senate inserted properly to do the intent, to protect this one particular sect that was having the problem that did not have the previous reflective tape on the buggies?

Mr. GEIST. Thank you very much.

Madam Speaker, the language that is in the bill currently is drafted wrong. The intent, I believe, is right. I believe that the language is wrong, and it is inclusive of everything statewide when it should be really a rifle shot that comes into this sect only.

I also believe that the department, working along with the courts and with the sect themselves, can come up with regulations that would satisfy their religious needs as well as meet the safety requirements of the State.

We in this General Assembly should not be about telling people how they should worship and what they should wear and what they should do, but we should be about the idea of what we have on the road to make it safe.

I believe that if the State Police in Ohio and Indiana can work this out, the State Police in Pennsylvania and the law firm that is representing the sect, Reed Smith, and others in the department can reach a compromise that Representative Haluska can come back to this body with language that will respect and honor their religious rights and at the same time make sure that the motoring public and the people in those buggies are protected.

The idea that 29 citations have been served and people are willing to go to jail for their religious freedom is a very, very serious issue that we all should address. It was not too many years ago that people like Representative Stern and his family and Representative Hershey and my family left Germany to come to Pennsylvania for religious freedom, and although our church, the Dunkards, have modernized, there are still some that are not. Penn established us for that purpose, and I believe that all of this can be worked out with the right language and the right intelligence and the right people working together, not writing citations against people in Cambria County.

The SPEAKER pro tempore. Is the gentleman finished answering Mr. Stern's question?

Mr. STERN. Well, I thank the chairman of the Transportation Committee for that comment.

I guess my question is, where does this put us right now with this amendment and with what you would like to see occur as chairman of the Transportation Committee?

Mr. GEIST. If I were to say what I was going to do right now, I would vote with Representative Haluska with the caveat that we come back and that the Transportation Committee in the House and the Senate work along with the State Police and the department and others interested to come up with a spec that will satisfy everyone.

Mr. STERN. Thank you, Madam Speaker.

With that recommendation, then I will in fact support the Haluska amendment as it is currently written with the caveat, hopefully, that the chairman and the House Transportation Committee will come back and address this particular issue with

this particular sect. Thank you.

The SPEAKER pro tempore. The Chair thanks the gentleman.

The Chair recognizes the gentleman from Cambria, Mr. Haluska.

Mr. HALUSKA. Thank you, Madam Speaker.

Madam Speaker, a couple of the speakers today basically presented some information like we were on trial. The trial has taken place; the judge has ruled. He wants to uphold the laws of Pennsylvania. I just hope that this House votes to uphold the laws that we have made in Pennsylvania, and please support the amendment. Thank you.

On the question recurring,  
Will the House agree to the amendment?

EXCUSED—5

Armstrong	LaGrotta	Wright, M.	Ryan,
Kirkland			Speaker

The majority having voted in the affirmative, the question was determined in the affirmative and the amendment was agreed to.

On the question recurring,  
Will the House agree to the bill on third consideration as amended?

Mr. YUDICHAK offered the following amendment No. **A3976**:

Amend Title, page 1, line 14, by inserting after "AMOUNTS,"  
for occupational limited license,  
Amend Sec. 3, page 4, line 26, by inserting after "1547(C),"  
1553(b),

Amend Sec. 3, page 10, by inserting between lines 25 and 26  
§ 1553. Occupational limited license.

\*\*\*

(b) Petition.—

(1) The applicant for an occupational limited license must file a petition with the department, by certified mail, setting forth in detail the need for operating a motor vehicle. The petition shall be on a form prescribed by the department and shall identify the specific motor vehicle or vehicles the petitioner seeks permission to operate. The petition shall include an explanation as to why the operation of a motor vehicle is essential to the petitioner's occupation, work, trade or study. The petition shall identify the petitioner's employer and shall include proof of financial responsibility covering all vehicles which the petitioner requests to be allowed to operate. The department may require additional information as well as additional evidence to verify the information contained in the petition.

(2) The petitioner shall surrender his driver's license in accordance with section 1540 (relating to surrender of license). If the petitioner's driver's license has been lost or stolen, the petitioner shall submit an application for a replacement license, along with the proper fee. If the petitioner is a nonresident licensed driver, the petitioner shall submit an acknowledgment of suspension in lieu of a driver's license. If the petitioner's license has expired, the petitioner shall submit an application for renewal, along with the appropriate fee. All fines, costs and restoration fees must be paid at the time of petition.

(3) Consistent with the provisions of this section, the department shall issue an occupational limited license to the applicant within 20 days of receipt of the petition.

(4) (i) A person whose operating privilege has been suspended for a conviction of section 1543 (relating to driving while operating privilege is suspended or revoked) may not petition for an occupational limited license unless department records show that the suspension for a

conviction of section 1543 occurred only as the result of:

(A) a suspension for failure to respond to a citation imposed under the authority of section 1533 (relating to suspension of operating privilege for failure to respond to citation) or 6146 (relating to enforcement agreements);

(B) a suspension for failure to undergo a special examination imposed under the authority of section 1538(a) (relating to school, examination or hearing on accumulation of points or excessive speeding); [or]

(C) a suspension for failure to attend a departmental hearing imposed under the authority of section 1538(b)[.]; or

(D) a suspension that occurred as a result of a violation of section 1772(b) (relating to suspension for nonpayment of judgments), 1774 (relating to payments sufficient to satisfy judgments) or 1775 (relating to installment payment of judgments).

(ii) The petition may not be filed until three months have been served for the suspension under section 1543(a).

On the question,  
Will the House agree to the amendment?

The SPEAKER pro tempore. On that question, the Chair recognizes the gentleman, Mr. Yudichak, for a brief explanation of the amendment.

Mr. YUDICHAK. Thank you, Madam Speaker.

What amendment 3976 would do would allow Pennsylvania drivers to get an occupational limited license who have entered into a payment plan and satisfied at least 3 months of that suspension before they can get that limited license.

The SPEAKER pro tempore. On the amendment, the Chair recognizes the gentleman from Blair County, Mr. Geist.

Mr. GEIST. Thank you, Madam Speaker.

This is an agreed-to amendment. We would urge a “yes” vote.

Armstrong	LaGrotta	Wright, M.	Ryan,
Kirkland			Speaker

The majority having voted in the affirmative, the question was determined in the affirmative and the amendment was agreed to.

On the question recurring,  
Will the House agree to the bill on third consideration as amended?

Mr. VITALI offered the following amendment No. A3984:

Amend Sec. 3 (Sec. 1543), page 7, line 18, by striking out “two years” and inserting one year

On the question,  
Will the House agree to the amendment?

The SPEAKER pro tempore. On that question, the Chair recognizes the gentleman from Delaware County, Mr. Vitali.

Mr. VITALI. Madam Speaker, I have three amendments. Could I do 3980 first?

The SPEAKER pro tempore. Would you like to temporarily withdraw the one that has been read?

Mr. VITALI. Please.

## AMENDMENT WITHDRAWN TEMPORARILY

The SPEAKER pro tempore. The gentleman requests that 3984 be temporarily withdrawn in order to offer amendment number— Please repeat the number.

Mr. VITALI. 3980.

The SPEAKER pro tempore. 3980.

On the question recurring,

Will the House agree to the bill on third consideration as amended?

Mr. VITALI offered the following amendment No. **A3980**:

Amend Title, page 1, line 16, by striking out “AND” and inserting a comma

Amend Title, page 1, lines 16 through 18, by striking out “; PROVIDING FOR” in line 16, all of line 17 and “CITIES; AND FURTHER PROVIDING” in line 18 and inserting a comma

Amend Sec. 4, page 14, lines 8 through 30; pages 15 through 22, lines 1 through 30; page 23, lines 1 through 7, by striking out all of said lines on said pages

Amend Sec. 5, page 23, line 8, by striking out “5” and inserting 4

Amend Sec. 6, page 23, line 15, by striking out “6” and inserting 5

Amend Sec. 7, page 29, line 30, by striking out “7” and inserting 6

Amend Sec. 8, page 32, line 16, by striking out “8” and inserting 7

Amend Sec. 9, page 46, line 19, by striking out “9” and inserting 8

Amend Sec. 10, page 47, line 13, by striking out “10” and inserting 9

Amend Sec. 11, page 47, line 19, by striking out “11” and inserting 10

Amend Sec. 12, page 48, line 8, by striking out “12” and inserting 11

Amend Sec. 12, page 49, line 1, by striking out “9” and inserting 8

Amend Sec. 12, page 49, line 2, by striking out “11” and inserting 10

On the question,

Will the House agree to the amendment?

The SPEAKER pro tempore. On that question, the Chair recognizes the gentleman, Mr. Vitali.

Mr. VITALI. Thank you, Madam Speaker.

The bill in chief contains a segment that establishes in Philadelphia a red light camera program at, I am going to guess, about 8 or 10 intersections in Philadelphia. I do not know the exact number. Essentially, it is a system where a camera takes pictures of vehicles which cross through the intersection and automatically issues tickets to cars who have gone through that red light. What my amendment does is, basically, simply removes that provision from the bill.

I have a number of concerns with this system, and I would like to just outline those concerns. I think, first and foremost, I think this camera red light enforcement system just sort of reeks of Big Brotherism. Even if we concede it will help us enforce the

laws, I am wondering if we really want a society where we start over time having more and more TV cameras monitoring our conduct in various places just to make sure the laws are enforced. I think it is an intrusion on our privacy, and I think it simply just goes too far.

It is a slippery slope, I think, that we are going down when we enact this sort of legislation, and I think the New York Times editorialized against it, and I will just read very quickly. They said, “Is this but another step down the slippery slope toward a more intrusive, less private world, overseen by a government that supposedly has only the greater...good as its objective?” And I think— I am sorry; I just quoted from the Harrisburg Patriot. The New York Times goes as follows: “What’s next? Cameras to catch those smoking, using cell phones or not wearing seat belts? We’re all for traffic enforcement, but there is a danger that this technology could ultimately be used to monitor the comings and goings of citizens.”

I think the New York Times also called this system an Orwellian cash cow, and I think that term, “Orwellian cash cow,” underscores two problems: one, the Orwellian nature of this surveillance in our day-to-day lives, but two, the fact that it has become a cash cow for many municipalities; it really can generate ticket after ticket after ticket, and there is a danger in this system and there have been problems reported in the past. By manipulating the length of the yellow light, you can greatly increase the number of tickets and in fact the amount of revenue for a municipality. So there is that danger when you have a system

like this, that it simply becomes a revenue device for a municipality, and that is not being fair to our constituents.

Now, the maker of the bill might point out that there is a limiting factor in this bill that limits it to 5 percent of the municipality’s budget, but we are dealing with a city budget of \$3.1 billion. So 5 percent of \$3.1 billion is \$155 million or 1.5 million tickets as a limit. That is not much of a limit since that is about how many people live in Philadelphia with a couple of thousand extra tickets for the suburbs. So there is really not a limit on this bill as far as tickets.

I think another concern with this system is, the way the system is set up it really compromises some basic due-process rights we have become used to as citizens, and I think the first and most basic right is the presumption of innocence. The reality is, under this system, if a car you own drives through and gets a ticket, you are in fact presumed guilty. You are presumed guilty as the owner of the car even though it may have been your son or your neighbor or someone else who has made the infraction.

I think the second infringement on due process is the burden of proof. Generally, the prosecution should have the burden of proof under our system of justice, but in this system it shifts to the citizen to prove he is not guilty as opposed to the Commonwealth proving he is guilty as far as whether that person was the driver or not.

And I think a third basic right this system infringes upon is the right of someone to confront those testifying against him. Under this, police officers do not have to come to trial and testify.

Madam Speaker, I think another problem with this system is it could potentially – and this is probably more important to Philadelphia legislators – this system could take revenues away from the city of Philadelphia, because under the system as it is currently set up – well, under the present system moneys for tickets in Philadelphia go to the city of Philadelphia, so you get

that revenue. If you go through a red light, pay a \$100 fine, that money goes to the city. Under this system this would go to the Philadelphia Parking Authority and eventually to a fund in the State to be used for State purposes. So fines under this system do not go to the city but go to the State. So that is something Philadelphia legislators might want to be concerned about.

Another problem with this system is that – and this has been advanced in a recent study by a Republican Federal Representative, Dick Arme. His contention is that you can reduce these intersection problems, you can reduce these collisions in intersections, which this system is attempting to address, by lengthening the length of the yellow light. His study has shown if you lengthen the length of the yellow light, you will decrease the number of accidents in an intersection. So he would suggest, rather than using this system with its problems, that the problem be approached in a different way.

I think, finally, there is a certain political problem with that, and that is that under this bill, SB 238, and under this system which is being laid out, it is being administered by the Philadelphia Parking Authority, I mean, whose basic job is to find parking spots for cars and enforce parking violations. Logically, you would expect this to go to the department of streets because they enforce red light violations currently, and I think, obviously— Well, there has been a trend in this House and I think it is basically simply raw politics to move more and more traditional city functions away from the control of the elected city officials and into, well, the parking authority being the first, the schools, and this. It is simply, I would call it, a part of a power grab, if you will.

So I think the final problem with this bill is that it inappropriately shifts enforcement of red light enforcement and traffic enforcement to the Philadelphia Parking Authority, which I would suspect is inappropriate.

So for those reasons I would ask for a “yes” vote on this amendment. Thank you.

The SPEAKER pro tempore. The Chair thanks the gentleman.

On the amendment, the Chair recognizes the lady from Indiana County, Ms. Steelman.

Ms. STEELMAN. Thank you, Madam Speaker.

Orwellian cash cow sounds about right.

In my district office, as in many district offices, my staff spends a significant amount of time helping constituents from western Pennsylvania deal with parking tickets that have been issued to them by the Philadelphia Parking Authority in error, charging them for parking violations they have not committed, in cars they do not own, on days that they could not physically have been anywhere near Philadelphia.

With the establishment of the red light camera system in New York City, we have now begun to get people walking into the district office who are getting summonses from New York City for violations committed by cars that they do not own, on days that they could not have been in New York City, and looking at the picture, quite obviously committed by license plates that are not license plates owned by the constituent who is in the office saying, why am I getting this bill? This has nothing to do with me. This is another exciting clerical error, and when a clerical error can cost you \$100, I think you are right to get a little agitated about it.

I do not think that those of us who try to help our constituents out with the transportation problems that they already have need another stream of constituents coming into our office because they have gotten erroneously ticketed by the Philadelphia Parking Authority. Please join Representative Vitali and me in getting rid

of this program. Thank you.

The SPEAKER pro tempore. The Chair thanks the lady and recognizes the gentleman from Blair County, Mr. Geist.

Mr. GEIST. Thank you very much, Madam Speaker.

I would just like to compliment Representative Vitali for coming over and joining with another good liberal, Representative Arme. I think that that is a very good political move to make.

I rise today to support this, and I believe that every one of the contentions that the Representative has made can be knocked down.

First and foremost, this is a safety issue. It is not a revenue enhancement issue at all. Two of the most dangerous intersections in the United States are spelled out in this bill, and if we in this General Assembly can give the tools to the Philadelphians in an experimental program that will ensure public safety, ensure that we have less accidents, less killings, less maimings in these intersections, I believe that we should try it in this program.

The moneys that are collected from this program that are not used to administer the program will go into the enhancement programs, and for people like Representative Steelman and others, that is money for the Ghost Town Trail and other enhancement projects throughout the State.

This technology now has been proven. Only the owner of the vehicle is cited. The provisions are there for the owner of that vehicle to inform the traffic court that they were not part of that process. The time, the dwell times are fixed. The lights cannot be played with to increase the number of citations written. There is no incentive to increase the number of citations written because there is no financial enhancement for the city of Philadelphia to do this. The only motivating factor that the city of Philadelphia should have now is the safety of motorists in those intersections. This technology will be tried, and for 120 days, only – only – warnings will be issued. After 120 days then the program kicks in and fines will be assessed to the vehicle.

I believe it is time that we tried something like this. I believe that if you study those intersections that are named and the history of those intersections which were provided to us by that administration, you will find that this program makes sense, it works, and all the arguments that were made against it are truly frivolous.

I would urge a “no” vote on the amendment and a “yes” vote on the bill. Thank you.

The SPEAKER pro tempore. The Chair thanks the gentleman and recognizes the gentleman from Philadelphia, Mr. Cohen.

Mr. COHEN. Thank you, Madam Speaker.

Madam Speaker, I confess that like Representative Vitali on traffic matters, I am a Dick Arme Democrat. I think the retiring Republican leader in the U.S. Congress is right in his concern for the civil liberties implications of this. I think he is also right in being concerned that this is just another big-government enhancement tool by which people are taxed on the whimsical matter of what streets they drive through.

Hundreds of thousands of Philadelphians drive through these intersections every day; so probably do hundreds of thousands of residents of Bucks County and countless thousands – I have no way of knowing how many – from Montgomery and Delaware Counties.

In addition, Madam Speaker, it is our experience that no technology works perfectly. There always are errors of one kind or another, and the more tickets that are issued, the more errors there are going to be. Even if only one-tenth of 1 percent of traffic

tickets issued under this plan are issued in error, that is going to be a lot of traffic tickets because there are going to be so many tickets potentially issued. If you have 1.5 million tickets issued a year out of these five intersections and just a tiny fraction of them are issued in error, that could be many, many thousands of erroneous tickets issued in error that will take up our time and the time of our district staff.

I favor traffic safety measures. This measure may prove to be a traffic safety measure; that remains to be seen, but certainly this is an excellent revenue generation measure, and while Philadelphia and Bucks Counties are the counties that are most heavily going to have revenue generated from them, I am sure every county in this State is going to have people getting some tickets at some time.

I join Mr. Vitali in urging a “no” vote on this measure.

The SPEAKER pro tempore. The Chair thanks the gentleman and recognizes the gentleman from Elk County, Mr. Surra.

Mr. SURRA. Thank you, Madam Speaker.

Madam Speaker, I rise in support of the Vitali amendment.

Innocent until proven guilty; innocent until proven guilty. It is one of the foundation blocks of our Constitution. This red light scheme throws that out the window. Sure, it is a public safety issue, but we could certainly make this country a lot safer with changes in law enforcement if we are willing to shred the Constitution.

Madam Speaker, it does away with due process. I will give you some examples. Let us say my son is a college student in Philadelphia. He is driving a car registered in my and my wife’s name. He lets one of his friends borrow his car. Three months later we get a fine in the mail. I call my son up. “Did you run a red light in Philadelphia?” “Jeez, Dad, I don’t remember doing that.” But I am guilty; I am guilty because my son let someone use my car and he ran a red light. There is something inherently wrong with that system, Madam Speaker, and this is what we are advocating on the House floor today? In the interest of public safety we are going to pass something like this?

Madam Speaker, I constantly, representing a rural district in Pennsylvania, am forced to advocate for my constituents because of parking tickets that they receive in Philadelphia. They have never been in Philadelphia. So I have to make the phone calls and go jump through the hoops. In fact, one time a man with a motorcycle in the middle of February received a parking ticket in Philadelphia. Now, his motorcycle was in storage back in Elk County, but we still had to jump through the hoops.

What are we going to do with this? If an individual cannot walk behind a car, record a license plate on a ticket sheet, and send it in properly, they are going to be able to read a photo of a car passing through an intersection accurately?

Madam Speaker, for all of those reasons and especially for what it does to our constitutional right to due process, I urge a “no” vote for this. Thank you.

The SPEAKER pro tempore. The Chair thanks the gentleman and recognizes the gentleman from Dauphin County, Mr. McNaughton, on the amendment.

Mr. McNAUGHTON. Thank you, Madam Speaker.

I, too, rise in support of the Vitali amendment.

Similar concerns with those folks who have spoken earlier, but I would like to take it a little bit further than that. There are no provisions in this bill to prevent the manipulation of these cameras to expand the scope of the surveillance beyond a traffic vehicular stop. That is going even further down the slippery slope than this bill proposes to do.

We heard earlier that these intersections are the two most dangerous intersections in the United States in this proposed bill. If you know that already, why is it that you are not enforcing the traffic violations at those intersections already?

I do not believe that we need to install cameras and expand the scope of surveillance by government into our lives further, and I urge a “yes” vote on the Vitali amendment. Thank you.

The SPEAKER pro tempore. The Chair thanks the gentleman and recognizes the gentleman from Philadelphia, Mr. Kenney, on the amendment.

Mr. KENNEY. Thank you, Madam Speaker.

I rise to oppose the Vitali amendment.

The gentleman from Philadelphia used the term “whimsical matter” as you travel roads throughout Philadelphia. Well, when people are dying on Roosevelt Boulevard because of red light runners, I think we need recourse, and those innocent citizens that travel those roadways, whether they be from Philadelphia, Bucks County, or anywhere else in this Commonwealth, need an answer.

And to the gentleman prior that just spoke about the police, this is a police matter. Police would issue the tickets. We have had police sit at these intersections, but with the mass and the number of cars that travel Roosevelt Boulevard, they just cannot keep up with the violators.

So the other issue of intrusion. I do not believe taking a picture of someone’s bumper and their license plate is so intrusive when you are trying to save lives is an issue.

And this is a “may” provision. The gentleman from Delaware County spoke about political implications in the city of Philadelphia and revenue loss. This provision in this legislation would allow the city council of Philadelphia to move forward on this pilot program if they saw fit to move forward. It says they can do this. We give them the authority to move forward for 120 days.

So I stand with the police force in the city of Philadelphia and with law enforcement and those concerned about safety – Mothers Against Drunk Driving and others – to ask you to vote “no” on the Vitali amendment.

Thank you, Madam Speaker.

The SPEAKER pro tempore. The Chair thanks the gentleman and recognizes the gentleman from Philadelphia, Mr. Cohen, for the second time.

Mr. COHEN. Thank you, Madam Speaker.

Madam Speaker, several people have pointed out to me that I misspoke at the conclusion of my statement. I share the concerns that have been raised about the dangers of this. I am not convinced that preventing an accident here or there, as this amendment may well do, is worth the tremendous inconvenience that it will cause to many, many thousands of people over the upcoming years.

I support the Vitali amendment, and I urge a “yes” vote on the Vitali amendment in order to defeat this plan.

The SPEAKER pro tempore. The Chair thanks the gentleman and recognizes the gentleman from Westmoreland County, Mr. Casorio.

Mr. CASORIO. Thank you, Madam Speaker.

Briefly, I wanted to let the membership know that I am also supporting the Vitali amendment to strip this language.

My local law enforcement officials, the Fraternal Order of Police Allegheny Valley Lodge No. 39 that serves Armstrong County, parts of Allegheny County, Westmoreland County, they are opposed to this provision; they are opposed to this amendment.

They are concerned about the potential for fraud abuse and also for the potential taking of law enforcement officers' jobs.

So I ask for an affirmative vote on the Vitali amendment in support of Allegheny Valley Lodge F.O.P. No. 39. Thank you, Madam Speaker.

The SPEAKER pro tempore. The Chair recognizes the gentleman from Philadelphia, Mr. Perzel, on the amendment.

Mr. PERZEL. Thank you, Madam Speaker.

Madam Speaker, this is about safety; it is not about collecting fines. That is not the intent. That is why we put the money in the Pennsylvania Motor License Fund and not in the city of Philadelphia.

There is no particular reason why anyone would try to give out additional fines when the local municipality is not the beneficiary of the additional money that would be coming in. You only get a ticket if you are guilty. Now, I understand that there are always victims out there – as Mr. Keller told me, he is a victim of Breyer's vanilla ice cream – but there are always victims out there who may lend their car to someone who does not follow the rules the way they are supposed to and ends up with a ticket. That can always happen, Madam Speaker.

But if you look at the city of Philadelphia and the roads that are traveled there, the number of total crashes between 1996 and the year 2000, on Interstate 95 it was 2,145; personal injuries were 2,390. On Interstate 76 there were 1,500 crashes with 1,600 injuries, 9 deaths; 37 deaths on Interstate 95. On the five intersections, two of them – one in Representative Kenney's area, one in my area – are two of the highest traffic intersections in the country. Along U.S. 1, which is one of the most heavily traveled routes in the country, the number of total crashes is 2,700, 20 percent higher than Interstate 95 or Interstate 76, and the number of personal injuries is up 33 percent over Interstate 95 or Interstate 76 at 3,800, most of those occurring at five intersections, three of which are in the 172d Legislative District, albeit the new 172d Legislative District, and one of those is in Representative Butkowitz's and the other is in Representative Kenney's area, of the five worst intersections.

We are asking for an opportunity, number one, to slow people down when they come to the intersection, and number two, to stop them from going through the red lights. Right now in the city of Philadelphia red lights killed 16 people last year and there were 4,782 injuries, Madam Speaker. It is the leading cause of traffic accidents and fatalities in Philadelphia, people not slowing down and not stopping for the red lights, Madam Speaker.

And talk about letters of support. The mayor of the city of Philadelphia has indicated that he is for it. I have a letter from the mayor. The police commissioner is for this on a pilot basis to see how it works, the county detectives, Mothers Against Drunk Driving, the National Campaign to Stop Red Light Running, Advocates for Highway and Auto Safety, and the Insurance Federation.

Madam Speaker, we are asking for an opportunity, truthfully, to talk about safety and stop letting people have accidents and get killed at these intersections. It is not about fines; it is not about Philadelphia collecting additional money. It is about stopping people at red lights and not letting them run through.

For those reasons I would ask that we vote "no" on the Vitali amendment to strip out this piece of legislation, this amendment to that piece of legislation.

The SPEAKER pro tempore. The Chair thanks the gentleman and recognizes the gentleman from Clearfield County, Mr. George,

on the amendment.

Mr. GEORGE. Thank you, Madam Speaker.

Madam Speaker, I would not want what I am about to say taken out of any context that I was not as concerned about safety as the majority leader. I know we all are. I just ask the majority leader, if safety is what we are concerned about, then we had better start doing something about all these trash trucks that are running up and down the roads in Pennsylvania committing offenses and causing the fatalities, as it happened here a couple of months ago. So if we are talking about safety, let us talk about safety all over and let us support the Vitali amendment. Thank you.

Mr. PERZEL. Madam Speaker?

The SPEAKER pro tempore. The Chair thanks the gentleman and recognizes the gentleman, Mr. Surra, for the second time.

Mr. SURRA. Thank you, Madam Speaker.

Very briefly.

The SPEAKER pro tempore. Can we please have order. We have several more speakers.

Mr. SURRA. I have all night.

The gentleman, Mr. Arme, Congressman Arme, got involved because of the thousands of errors that were involved in this system in Washington, and that is why he is opposed to this type of thing.

I just want to address a statement made by the gentleman, the majority leader, that you are only guilty unless you break the law. That is the point. You can be guilty and you are not the one that broke the law.

I support the Vitali amendment.

The SPEAKER pro tempore. The Chair thanks the gentleman and recognizes the gentleman from Philadelphia, Mr. Roebuck.

Mr. ROEBUCK. Thank you, Madam Speaker.

The issue has been defined both by the Transportation chair and the majority leader as an issue of safety. If indeed the issue is safety, then why should we only be safe in Philadelphia? Why does this not apply across the Commonwealth, Madam Speaker?

We are told it is an experiment. It is an experiment that is only to be applicable to Philadelphia in the future. I wonder what the real interest here is. If indeed we have bad intersections everywhere, why test them only in one locality? How does this affect the rest of the State if indeed it works in Philadelphia? Do we do this in other places? The language here is not clear.

Further, I remember very well when we had a problem with license plates and license plates being damaged. We did an experiment in Philadelphia where we put stickers in the windows, and you know what? The experiment worked, and guess what happened? We are not doing it anymore.

So the reality is that we can talk about an experiment, but unless there is some intent to carry the law forward and apply it everywhere and apply it in a fair way, it does not mean much. In fact, it means nothing at all.

We are told that there are accidents in intersections, and that certainly is something we all should be concerned about, but this does not stop accidents, Madam Speaker; it does not stop accidents.

We are told that the police cannot keep up with the volume of cars going through an intersection. That is nonsense, Madam Speaker. I believe that the police can do the job that they are called upon to do, and I do not think that they lack the ability to deal with a situation because there are volumes of cars going through an intersection.

This amendment of Mr. Vitali's is a good amendment.

It deserves our support. I hope that the legislature will indeed vote for this amendment.

Thank you, Madam Speaker.

The SPEAKER pro tempore. The Chair thanks the gentleman and recognizes the lady from Philadelphia, Ms. Bishop, on the amendment.

Ms. BISHOP. Thank you, Madam Speaker.

I rise in opposition to the Vitali amendment, and I certainly would like to ask all of you to do so for this simple reason: the traffic in Philadelphia on major streets moves too fast. I live at the corner of Route 1 or City Avenue. There is never a week that someone at that corner does not get hurt or there is not an accident, because the traffic is flowing too fast on City Avenue. In a 45-mile speed zone, the traffic night and day is usually 55, 60 miles an hour. We cannot afford to put police on the street to stand and watch cars all night and all day. This device would help to slow down the traffic flow on City Avenue or Route 1 avenue.

In addition to that, it would help to prevent accidents. I cannot say to you that it is not a moneymaker. I do not know, but I do believe that it will certainly save lives on City Avenue and main thoroughfare streets. I welcome something that would slow that particular traffic flow down so that every week I do not have to go out, do not have to call the police, and do not have to hear the screeching of tires and sometimes the crying of people who have been harmed by the speed on City Avenue. We need something to slow it down.

As far as those who say that it offers an opportunity for them to get a ticket when they were not driving their car, I do need to remind you that we are all responsible for our cars. No matter whether we have loaned it to a kid and that kid has loaned it to someone else or not, it is our car. We are held responsible for it. When there is a picture taken, as I understand this, if that is not your car and you are in error, you have the same chance of going before a judge and hearing what your concerns are as you would do if you had received a written violation.

To those of our colleagues who have been afraid because they do not live in Philadelphia and have gotten tickets that have been written to them, they have had to go to court on citations that were written, or either they have had to pay the fine, then the same thing happens here. If you get a ticket if they flashed your car, you do not feel that it was your car, you go to court, you fight it, or you pay the fine.

I think the Vitali amendment is an amendment that should be voted down to give those of us who live in areas where the traffic should be slowed down an opportunity to save lives, and I thank you for your negative vote.

The SPEAKER pro tempore. The Chair thanks the lady and recognizes the gentleman, Mr. Vitali, for the second time.

Mr. VITALI. Thank you, Madam Speaker.

Let me just address some of the points that have been made. I think the first point is I have no doubt that placing cameras at intersections may help enforce the laws. I think you could enforce all sorts of laws better if you placed surveillance cameras throughout our society, throughout our public buildings and private streets. The question really is, do we want a world and a society where we are under this surveillance of cameras to make sure laws are enforced? I would suggest that that is not the kind of society

I would choose to live in.

I also would suggest and I also sympathize with the fact that these are dangerous intersections, but there are other ways to deal

with those dangers. Representative Armev suggested lengthening of yellow lights, certainly increased enforcement, certainly other measures. There are other things you can do besides placing surveillance cameras around.

I also would like to point out, in perhaps an argument to the majority leader, I think there is an enormous financial incentive here, and that is one of the dangers of this system, and that is why the Philadelphia Daily News really condemned this system under the recent editorial, "Parking Authority is still hungry." They call it "...yet another power-grab proposal aimed at expanding Parking Authority turf..." and they talked about in that that the program is nonetheless a, quote, "...financial windfall for the agency. As system administrator, the Parking Authority would be compensated for all its costs – including an untold number of new jobs created to implement the program.

"Known mainly for its patronage-bloated payroll, the Parking Authority's latest gambit is its second stab at broadening its powers – and workforce – this week."

So I would argue that, yes, in fact, according to the Philadelphia Daily News and history we are dealing with here, there is a great incentive to ticket people.

I would also refute the fact, the contention, that if you are convicted wrongly, if you are accused wrongly by these cameras, you can simply go to court. The fact of the matter is, if you get a \$100 ticket, is it really worth your time to go to court? Of course it is not. You really do not have that. It is not really a realistic option.

The gentleman from the northeast made the point that this is a police matter, and I agree it is a police matter. So why do we have the parking authority involved in this thing as this bill would do? Well, my amendment would strip out "Parking Authority," because it is in fact, I agree with the gentleman from the northeast, this is a police matter. This is not a parking authority matter.

That really concludes my remarks, and I would ask for an affirmative vote. Thank you.

On the question recurring,  
Will the House agree to the amendment?

Kirkland Speaker

Less than the majority having voted in the affirmative, the question was determined in the negative and the amendment was not agreed to.

On the question recurring,  
Will the House agree to the bill on third consideration as amended?

Mr. VITALI reoffered the following amendment No. **A3984**:

Amend Sec. 3 (Sec. 1543), page 7, line 18, by striking out “two years” and inserting  
one year

On the question recurring,  
Will the House agree to the amendment?

AMENDMENT WITHDRAWN TEMPORARILY

The SPEAKER pro tempore. On that question, the Chair recognizes the gentleman, Mr. Vitali.

Mr. VITALI. Madam Speaker, could we temporarily pass over that amendment and consider 3985, because it is a related matter.

The SPEAKER pro tempore. Mr. Vitali temporarily withdraws this amendment in order to offer amendment 3985.

On the question recurring,  
Will the House agree to the bill on third consideration as amended?

Mr. VITALI offered the following amendment No. **A3985**:

Amend Sec. 4 (Sec. 3112.1), page 19, line 8, by striking out “PARKING AUTHORITY” and inserting  
Department of Streets

On the question,  
Will the House agree to the amendment?

The SPEAKER pro tempore. On that question, the Chair recognizes the gentleman, Mr. Vitali.

Mr. VITALI. Thank you, Madam Speaker.

This amendment is a much more limited amendment in its scope. It deals with the same section which deals with red light enforcement but it only deals with those several lines that give authority to administer this to the Philadelphia Parking Authority. Instead, what it does is transfer the authority to administer this to the Philadelphia Department of Streets. Now, the Philadelphia Department of Streets is a much more appropriate entity to administer this because they administer the other matters relating to the enforcement of red lights and drivers who go through red lights. So it is the same agency.

I will just refresh members with regard to the Daily News editorial which talked about the problems and the politics and the bad politics of assigning this to the Philadelphia Parking Authority. If we really believe in this system, if we really believe in its merits, let us give it to the agency in Philadelphia that deals with the enforcement of red light violations. That is the department of streets; it is not the parking authority.

So I would ask for an affirmative vote.

The SPEAKER pro tempore. The Chair thanks the gentleman.

On the amendment, the Chair recognizes the gentleman, Mr. Kenney.

Mr. KENNEY. Thank you, Madam Speaker.

As a Philadelphia legislator, let me just correct Mr. Vitali. The streets department has absolutely nothing to do with the enforcement of traffic signals in Philadelphia. So if that is his argument why we should now give it to a department that has nothing to do with enforcement, that is a flawed argument. So I would ask you to defeat this amendment.

Presently, the parking authority enforces these violations. The police would issue these citations and send them to, you know, to those that violate the law. The streets department has nothing to do with enforcement presently and I am sure would not want this new added procedure in their department.

Thank you, and I ask for a negative vote.

The SPEAKER pro tempore. The Chair thanks the gentleman and recognizes the gentleman from Philadelphia, Mr. Cohen.

Mr. COHEN. Thank you, Madam Speaker.

Madam Speaker, I do not know whether the streets department wants it or not. If the streets department does not want it, they might not want it because they are accountable to elected officials in the city of Philadelphia, whereas the parking authority is not accountable to elected officials in Philadelphia or elected officials anywhere else in this Commonwealth.

It would seem to me, Madam Speaker, that if you want more traffic tickets issued, you vote against this proposal. If you want

fewer traffic tickets issued, you vote for this proposal. I favor fewer traffic tickets, and I am for this proposal.

I also favor administration by civil servants instead of patronage workers. This amendment is pro-civil service and anti-patronage as well as being for fewer tickets as opposed to more tickets.

I urge support for this amendment.

The SPEAKER pro tempore. The Chair thanks the gentleman.

Could we have some order in the hall of the House, please.

Could we have some quiet.

The Chair recognizes the gentleman, Mr. McCall, on the amendment.

Mr. McCALL. Thank you, Madam Speaker.

Madam Speaker, I would ask the members to approve the Vitali amendment.

I like the idea of putting enforcement in the streets department, because with enforcement going or oversight going to the streets department, the accountability will be to the borough council; the accountability will be to the mayor. With it under the auspices of the parking authority, the accountability is to the parking authority. No elected members on that parking authority.

I think if we want accountability in this legislation, support the Vitali amendment, put it with the streets department, and make those individuals accountable to elected officials who are going to respond to the concerns that individual constituents may have in the city of Philadelphia.

I would ask for the support of the Vitali amendment.

The SPEAKER pro tempore. The Chair thanks the gentleman and recognizes the gentleman from Philadelphia, Mr. Perzel.

Mr. PERZEL. Thank you, Madam Speaker.

I have in front of me a letter from the mayor of the city of Philadelphia, Mayor John Street, who indicates that he is for the provisions of this particular piece of legislation, Madam Speaker, and he runs the department of streets in the city.

I do not know whether – I have to apologize – I do not know how all the counties are run, but in the city of Philadelphia, the department of streets is basically responsible for potholes and putting up signs, Madam Speaker. They do do the timing for the red lights, I will admit that, but they have no agency that could administer tickets; they have no administration that could send out the tickets; and they have no way to collect the tickets right now. You would need an entire new bureaucracy set up to do all of the things I just mentioned.

For those reasons I would respectfully ask the members to oppose the Vitali amendment, Madam Speaker.

On the question recurring,  
Will the House agree to the amendment?

Mr. VITALI reoffered the following amendment No. A3984:

On the question recurring,  
Will the House agree to the amendment?

The SPEAKER pro tempore. On that question, the Chair recognizes the gentleman, Mr. Vitali.

Mr. VITALI. Thank you, Madam Speaker.

Madam Speaker, this amendment deals with a somewhat obscure section of the bill which, as I read the bill, struck me as imposing a penalty out of line with the rest of the bill. I understand there may not be a lot of patience or tolerance for this sort of detailed discussion at this hour, but I think it is important that we do justice in this system, so please bear with me, if you would.

We are dealing with the section of the bill that deals with people who are driving under a suspended license, whose license is suspended because it is DUI (driving under the influence) related, and they have .02 blood alcohol content in their system or perhaps the equivalent of less than a beer. So you are dealing with a person who is driving under a suspended license and it is suspended because he was DUI, and he does have some trace content of alcohol in his system.

Now, under the bill as it stands, under the bill as it stands, first offense is 90 days, second offense is 6 months, third offense is 2 years. Now, what struck me is that final 2 years was too big of a jump. What I am proposing is we keep the first offense at 90 days, second offense at 6 months, third offense at 1 year. So that is, the change in this amendment would simply be for a third offense, driving under a suspended license, not driving while intoxicated but driving under a suspended license, simply your penalty would be 1 year in jail instead of 2 years in jail, because you could have a situation where you get picked up for drunk driving, your license is suspended, and three consecutive weekends you go out, you have one beer, and you just keep getting your license suspended, and that third time would be 2 years in jail. I would suspect if you are dealing with a person who continues to drive under a suspended license, you are probably dealing with an alcoholic, a person with an alcohol problem, and probably just exponentially increasing jail is probably not the better approach. And I also would suggest to you that the cost of keeping someone in jail is about \$27,000 a year, so you probably should just be cognizant of that. So I am simply suggesting for a third offense, a third offense should be 1 year in jail for driving while under a suspended license instead of 2 years.

I will say this: Current law, if you did this same offense under current law, I believe it would just be either 90 days, 90 days or 6 months. It would be much less. Even if you pass my amendment, it is still significantly more than current law. And I know the arguments, we should not coddle people like this, yadda yadda yadda, but let us look in absolute terms at what we are doing. Even if you vote for my amendment, you are increasing the penalty. You just have to take a look at the crime versus the punishment.

Thank you.

The SPEAKER pro tempore. The Chair thanks the gentleman and recognizes the gentleman from York County, Mr. Saylor.

Mr. SAYLOR. Thank you, Madam Speaker.

I think since I have been here in the House, this is probably the easiest amendment I have ever had to suggest to this chamber that we definitely oppose.

You know, in society today one of our biggest problems on our highways is DUIs, and we still have not solved that problem as we pass tougher and tougher legislation. And throughout this State and this Commonwealth, every day people are dying on a regular basis from people who have committed crimes of driving while drinking, and to say that on the third time we are going to let you off with a lesser penalty than what we currently give is ridiculous.

You know, it is lucky on the third time we do not put them away with three strikes and you are out of here.

The people of this Commonwealth need to feel that if you have been given two previous chances, you no longer deserve the opportunity to drive on our highways and kill our children or kill some other innocent victim who may be even in your car. This is just kind of an outlandish amendment that I believe should easily, by all of us with our clear conscience, vote it down today.

Thank you, Madam Speaker.

The SPEAKER pro tempore. The Chair thanks the gentleman and recognizes the gentleman from Carbon County, Mr. McCall.

Mr. McCALL. Thank you, Madam Speaker.

Madam Speaker, I would ask the members to oppose the Vitali amendment. I agree with the previous speaker. The Vitali amendment would simply do nothing. It would just create a penalty or impose a penalty that currently is in statute.

What this language does and this legislation says is, if you have a third DUI offense and subsequent offense and there is a mitigating circumstance, and that mitigating circumstance is that you have alcohol in your system with that third and subsequent violation, that your prison term is now not only going to be a year, it is going to be 2 years. I think that is what we want to do. We want that habitual offender off the road and maybe in prison for 2 years to get some help.

This amendment is not a good amendment, and I would ask the members to oppose it.

The SPEAKER pro tempore. The Chair thanks the gentleman and recognizes the gentleman from Bucks County, Mr. Melio.

Mr. MELIO. Thank you, Madam Speaker.

I would just like to remind my colleagues that we had an accident in my district where a lady hit a youngster in front of the high school while she was under the influence. She killed the youngster. She had 30 violations while driving with a suspended license – 30.

Thank you, Madam Speaker.

Less than the majority having voted in the affirmative, the question was determined in the negative and the amendment was not agreed to.

On the question recurring,

Will the House agree to the bill on third consideration as amended?

Mr. **MELIO** offered the following amendment No. **A3946**:

Amend Title, page 1, line 14, by inserting after "AMOUNTS," for occupational limited license,

Amend Sec. 3, page 4, line 26, by inserting after "1547(C)" 1553(d),

Amend Sec. 3, page 10, by inserting between lines 25 and 26 § 1553. Occupational limited license.

\* \* \*

(d) Unauthorized issuance.—The department shall prohibit issuance of an occupational limited license to:

(1) A driver who is not licensed to drive by this or any other state.

(2) Any person who is required by this title to take an examination and who has failed to take and pass such an examination.

(3) Any person who has an unsatisfied judgment against

him as the result of a motor vehicle operation, until such judgment has been satisfied under the provisions of section 1774 (relating to payments sufficient to satisfy judgments) or an installment agreement has been entered into to satisfy the judgment as permitted under section 1772(b) (relating to suspension for nonpayment of judgments) or 1775 (relating to installment payment of judgments) and the financial responsibility of such person has been established.

(4) Any person applying for an occupational limited license to operate a commercial motor vehicle whose commercial driver's license privilege is disqualified under the provisions of section 1611 (relating to disqualification).

(5) Any person who, at the time he applies for an occupational limited license, has previously been granted such a privilege within the period of five years next preceding such application.

(6) Any person who has been adjudicated delinquent or convicted of driving under the influence of alcohol or controlled substance unless the suspension or revocation imposed for that conviction has been fully served.

(7) Any person whose operating privilege has been suspended for refusal to submit to chemical testing to determine the amount of alcohol or controlled substance unless that suspension has been fully served.

(8) Any person who has been granted a consent decree or Accelerated Rehabilitative Disposition for driving under the influence of alcohol or controlled substance and whose license has been suspended by the department unless the suspension imposed has been fully served.

(9) Any person whose operating privilege has been suspended for a violation of 18 Pa.C.S. § 6308 (relating to purchase, consumption, possession or transportation of liquor or malt or brewed beverages) unless the suspension imposed has been fully served.

(10) Any person whose operating privilege has been suspended pursuant to either section 13(m) of the act of April 14, 1972 (P.L.233, No.64), known as The Controlled Substance, Drug, Device and Cosmetic Act, or section 1532(c) (relating to [revocation or] suspension of operating privilege) unless the suspension imposed has been fully served.

(11) Any person whose operating privilege has been suspended or revoked as the result of a conviction of or as a result of a court order in conjunction with an adjudication of delinquency or the granting of a consent decree for any offense under the following provisions, unless the suspension or revocation has been fully served:

Section 3345(a) (relating to meeting or overtaking school bus).

Section 3367 (relating to racing on highways).

Section 3733 (relating to fleeing or attempting to elude police officer).

Section 3734 (relating to driving without lights to avoid identification or arrest).

Section 3736 (relating to reckless driving).

Section 3742 (relating to accidents involving death or personal injury).

Section 3743 (relating to accidents involving damage to attended vehicle or property).

(12) Any person whose operating privilege is currently suspended for failure to respond to a citation pursuant to section 1533 or 6146.

(13) Any person whose operating privilege is currently suspended pursuant to section 1784 (relating to proof of financial responsibility following violation), 1785 (relating to proof of financial responsibility following accident) or 1786 (relating to required financial responsibility).

(14) Any person whose operating privilege is currently

suspended for failure to attend and satisfactorily complete a driver improvement course or failure to attend a hearing required under section 1538.

(15) Any person whose operating privilege has been suspended for a conviction of section 1543 unless department records show that the suspension for a conviction of section 1543 occurred only as a result of:

(i) a suspension for failure to respond to a citation imposed under the authority of section 1533 or 6146;

(ii) a suspension for failure to undergo a special examination imposed under the authority of section 1538(a); or

(iii) a suspension for failure to attend a departmental hearing imposed under the authority of section 1538(b).

(16) Any person whose operating privilege has been suspended under an interjurisdictional agreement as provided for in section 6146 as the result of a conviction or adjudication if the conviction or adjudication for an equivalent offense in this Commonwealth would have prohibited the issuance of an occupational limited license.

(17) Any person whose operating privilege has been suspended as the result of a conviction of a violation of section 7102(b) (relating to removal or falsification of identification number), 7103(b) (relating to dealing in vehicles with removed or falsified numbers), 7111 (relating to dealing in titles and plates for stolen vehicles), 7121 (relating to false application for certificate of title or registration) or 7122 (relating to altered, forged or counterfeit documents and plates) unless the suspension has been fully served.

(18) Any person whose operating privilege has been suspended under section 1532 (a.1) for conviction or adjudication of delinquency based on a violation of section 3732 (relating to homicide by vehicle) or 3735 (relating to homicide by vehicle while driving under influence).

The SPEAKER pro tempore. On that question, the Chair recognizes the gentleman, Mr. Melio.

Mr. MELIO. Thank you, Madam Speaker.

My amendment would improve the bill. It would preclude the issuance of an occupational limited license for persons whose operating privilege is suspended for 3 years based on a conviction for homicide by vehicle or homicide by vehicle while driving under the influence.

Thank you, Madam Speaker.

**BILL ON CONCURRENCE  
IN SENATE AMENDMENTS  
AS AMENDED**

The House proceeded to consideration of concurrence in Senate amendments to the following **HB 2164, PN 4155**, as further amended by the House Rules Committee:

An Act amending Title 75 (Vehicles) of the Pennsylvania Consolidated Statutes, further providing for suspension of operating privilege; imposing penalties on department employees or agents who issue a fraudulent driver's license; further providing for motorcycle fees; and providing for removal from the record of certain suspensions.

On the question,  
Will the House concur in Senate amendments as amended by the Rules Committee?

The SPEAKER pro tempore. It is moved by the gentleman, Mr. Geist, that the House concur in the amendments.

On the question recurring,  
Will the House concur in Senate amendments as amended by the Rules Committee?

The SPEAKER pro tempore. Agreeable to the provisions of the Constitution, the yeas and nays will now be taken.

STATEMENT BY MR. GEIST

The SPEAKER pro tempore. For what purpose does the gentleman, Mr. Geist, rise?

Mr. GEIST. Unanimous consent, please.

The SPEAKER pro tempore. The gentleman may proceed.

Mr. GEIST. Thank you very much, Madam Speaker.

On the passage of HB 2164, I would really like to thank Keith McCall and the staff on the Democratic side, our staff on this side, the Senate who worked very closely with us, and the administration. We have passed a very good piece of legislation. It is the first of the antiterrorist bill, and I want to thank the House for all the good work that they have done on this.

Thank you.

The SPEAKER pro tempore. The Chair thanks the gentleman.

**VOTE CORRECTIONS**

The SPEAKER pro tempore. The Chair recognizes the gentleman, Mr. Caltagirone.

Mr. CALTAGIRONE. Madam Speaker, I would like to correct the record.

My switch was not functioning on SB 824. I would like to have been recorded in the negative.

The SPEAKER pro tempore. The Chair thanks the gentleman. Your remarks will be cast upon the record.

The Chair recognizes the gentleman, Mr. Markosek.

Mr. MARKOSEK. Thank you, Madam Speaker.

The same as the previous gentleman. I was also not recorded on SB 824. I would like to be recorded in the negative.

The SPEAKER pro tempore. The Chair thanks the gentleman. Your remarks will be spread upon the record.

**APPROPRIATIONS COMMITTEE MEETING**

The SPEAKER pro tempore. The Chair recognizes the gentleman, Mr. Argall, from Schuylkill County.

Mr. ARGALL. Thank you, Madam Speaker.

At the announcement of the recess, the House Appropriations Committee will meet in room 243.

The SPEAKER pro tempore. The Chair thanks the gentleman.

**STATE GOVERNMENT COMMITTEE MEETING**

The SPEAKER pro tempore. The Chair recognizes the gentleman from Bucks County, Mr. Clymer.

Mr. CLYMER. Thank you, Madam Speaker.

At the call of recess, the State Government Committee will be meeting in the rear of the hall. Thank you.

The SPEAKER pro tempore. We will continue to take corrections, but there are no further votes today.

**REMARKS SUBMITTED FOR THE RECORD**

The SPEAKER pro tempore. The Chair recognizes the gentleman, Mr. Hanna.

Mr. HANNA. Thank you, Madam Speaker.

I just would like to submit some comments for the record on HR 638.

The SPEAKER pro tempore. The Chair thanks the gentleman. His remarks will be spread upon the record.

Mr. HANNA submitted the following remarks for the Legislative Journal:

Yesterday, the 9th U.S. Circuit Court of Appeals ruled the Pledge of Allegiance unconstitutional because of the words “under God” added by Congress in 1954. This, the court ruled, was in violation of the basic constitutional tenet of the separation of church and state.

What will come next? Will our money no longer be legal tender because it has “In God We Trust” written on it? Will we no longer be able to print the Declaration of Independence in our public schools’ textbooks?

In fact, within the dome of this Capitol, there are the words of William Penn outlining his plan for our nation. The quote reads: “There may be room there for such a Holy Experiment, for the Nations want a Precedent. And my God will make it the seed of a Nation. That an example may be set up to the Nations. That we may do the thing that is truly wise and just.”

Moreover, the Pledge of Allegiance even reverberates throughout this hallowed chamber each session day, pursuant to House rule 17. I firmly believe that this practice serves to bolster the process of democracy in this chamber and Commonwealth.

Our brethren in the United States Senate immediately responded by adopting a resolution “expressing support for the Pledge of Allegiance” and asking Senate counsel to “seek to intervene in the case.”

We must follow suit. The Pledge of Allegiance to the Flag of the United States demonstrates reverence for the flag and serves as a daily reminder of the ideals that it represents: democracy, freedom, justice, and human rights.

We must resoundingly signal to this Commonwealth that we believe the Pledge of Allegiance is a constitutionally permissible expression of one’s patriotism.

It is with this mind that I introduce this resolution, memorializing Congress to pass a constitutional amendment to permit the Pledge of Allegiance to be recited at all public events and in all public institutions.

**REPUBLICAN CAUCUS**

The SPEAKER pro tempore. The Chair recognizes the gentleman, Mr. Feese, for a caucus announcement.

Mr. FEESE. Thank you, Madam—

The SPEAKER pro tempore. Could we please have quiet. There is a caucus announcement that I think the members might like to hear. Could we please have some quiet, just for a moment.

The Chair recognizes the gentleman, Mr. Feese.

Mr. FEESE. Thank you, Madam Speaker.

Madam Speaker, the Republicans will begin an informal caucus tomorrow morning at 8 o’clock, a budget caucus at 9 o’clock.

The SPEAKER pro tempore. The Chair thanks the gentleman.

## DEMOCRATIC CAUCUS

The SPEAKER pro tempore. The Chair recognizes the gentleman, Mr. Cohen, for the purpose of a caucus announcement.

Mr. COHEN. Thank you, Madam Speaker.

Madam Speaker, we also will have informal discussions from 8 to 9, a caucus at 9. My understanding is we start tomorrow's session at 10 a.m., and we will have caucuses at 12:30 p.m. and at 5:30 p.m. That is a tentative schedule. Everything is subject to change.

The SPEAKER pro tempore. The Chair thanks the gentleman, but we will not be in session until 11 a.m. tomorrow morning.

Mr. COHEN. I stand corrected. We will not be in session until 11 a.m. I was given erroneous information.

Madam Speaker, at the appropriate time I would also like to make a statement under unanimous consent.

## REMARKS SUBMITTED FOR THE RECORD

The SPEAKER pro tempore. The Chair recognizes the lady from Philadelphia, Ms. Washington.

Ms. WASHINGTON. Thank you, Madam Speaker.

I have some remarks to submit for the record for SB 824.

The SPEAKER pro tempore. The Chair thanks the lady. Your remarks will be spread upon the record.

Ms. WASHINGTON. Thank you, Madam Speaker.

Ms. WASHINGTON submitted the following remarks for the Legislative Journal:

Good afternoon. I rise to register my opposition to the requirement that in order to vote, citizens must provide photo identification.

In many cases, young people voting for the first time will not have photo identification, and this requirement would also negatively impact those who do not have driver's licenses and senior citizens, many of whom do not have photo ID. Additionally, individuals who are unemployed would not have work-related photo identification cards.

With the technology that is available today to anyone who can afford a computer and a laminating machine, the possibility for fraud exists. Who is to say that an individual showing a photo ID is, in fact, displaying an identification card that is legitimate?

Further, what process will be used for determining the legitimacy of any photo identification card being presented? I am not at all comfortable with the notion that the average poll worker will have the skills or the equipment necessary to determine the legitimacy of any document presented for identification. Therefore, I ask that you vote in the negative on this measure.

Thank you.

## VOTE CORRECTIONS

The SPEAKER pro tempore. The Chair recognizes the gentleman, Mr. Casorio.

Mr. CASORIO. Correction of the record, Madam Speaker.

HB 2164, I was voted in the negative. I wish to have that changed to an affirmative vote. Thank you.

The SPEAKER pro tempore. The Chair thanks the gentleman. Your vote will be spread upon the record.

The Chair recognizes the gentleman, Mr. Strittmatter.

Mr. STRITTMATTER. Thank you.

I would like to correct the record.

On SB 238, A3984, I would like to be recorded in the negative.

Thank you.

The SPEAKER pro tempore. The Chair thanks the gentleman. Your vote will be spread upon the record.

The Chair recognizes the lady, Mrs. Rubley.

Mrs. RUBLEY. Thank you.

Madam Speaker, I would like to correct the record.

On SB 238, amendment 3980, my vote was not recorded, and I wish to be voted in the affirmative.

The SPEAKER pro tempore. The Chair thanks the lady. Your vote will be spread upon the record.

## BILLS SIGNED BY SPEAKER PRO TEMPORE

Bills numbered and entitled as follows having been prepared for presentation to the Governor, and the same being correct, the titles were publicly read as follows:

### HB 497, PN 4032

An Act amending the act of May 22, 1951 (P.L.317, No.69), known as The Professional Nursing Law, regulating the practice and licensure of dietetics and nutrition; further providing for penalties; and making an appropriation.

### HB 1482, PN 4133

An Act amending Title 30 (Fish) of the Pennsylvania Consolidated Statutes, further providing for the disposition of the proceeds from the special Lake Erie fishing permits.

### HB 2020, PN 4089

An Act amending the act of May 3, 1933 (P.L.242, No.86), referred to as the Cosmetology Law, further providing for the definition of "School of Cosmetology," for practice of cosmetology without license prohibited, requirements to practice, eligibility requirements for examination, for management of cosmetology shops, for requirements of a school of cosmetology, for exceptions to examination requirements, for shared shops, for regulations by the board, for examinations and issuance of licenses, for temporary licenses, for sanitary rules, for fees and for penalties.

Whereupon, the Speaker pro tempore, in the presence of the House, signed the same.

## STATEMENT BY MR. BENNINGHOFF

The SPEAKER pro tempore. The Chair recognizes the gentleman, Mr. Benninghoff.

Mr. BENNINGHOFF. Thank you, Madam Speaker.

A point of personal privilege, if I may.

The SPEAKER pro tempore. The gentleman may proceed.

Mr. BENNINGHOFF. I would like to submit some comments on HR 638, but I also want to express my outrage to the ninth district court for their decision, and I want to remind them as public servants that, number one, they have sworn in their own oath "so help me God." In addition, if it is such an outrage to mention God's name and unconstitutional, then maybe they should not accept the United States currency that also says "In God We Trust" for the work that they do. They better think about it, and

I just wanted to go on record opposing it and submit my further comments. Thank you.

The SPEAKER pro tempore. The Chair thanks the gentleman.

### REMARKS SUBMITTED FOR THE RECORD

Mr. BENNINGHOFF submitted the following remarks for the Legislative Journal:

Madam Speaker, I believe it is imperative that we, as free Americans, and those who believe in the freedoms that are available to us under the United States Constitution, speak out and speak up. If this ruling were to stand, which I believe it will not, we as a society will be governed by a minority, not a majority as guaranteed in a democracy. While the gentleman who filed his objection to the phrase “under God” being part of the Pledge of Allegiance is entitled to his opinion, he should not and must not be allowed to do this at the cost of millions of other Americans. More importantly, his beliefs should not be imposed upon the citizens of America by the gavel of courts. I am appalled and angered by this ruling. Under the Articles of the Constitution, this gentleman has the option of freedom of speech to not say this line in the pledge, not say the pledge at all, or to leave a room when it is being recited.

In closing, Madam Speaker, I would encourage the ninth circuit judge panel to read the book “Seed of a Nation” to remind themselves of the principles of our founding father, William Penn, being most notably the founder of Pennsylvania, and of the religious liberties this State and our entire Nation were founded on.

Many people were very upset by this ruling. I encourage them to stand and speak out on this overly intrusive ruling by the ninth circuit courts.

Thank you, Madam Speaker, for allowing me to share my thoughts on this issue.

### VOTE CORRECTION

The SPEAKER pro tempore. The Chair recognizes the gentleman, Mr. Zimmerman.

Mr. ZIMMERMAN. Thank you, Madam Speaker.

I wish to correct the record.

On HB 2246 I wish to be voted as “yes,” Madam Speaker.

The SPEAKER pro tempore. The Chair thanks the gentleman. Your vote will be cast upon the record.

### STATEMENT BY MR. EGOLF

The SPEAKER pro tempore. The Chair recognizes the gentleman, Mr. Egolf.

Mr. EGOLF. Madam Speaker, on a matter of personal privilege.

The SPEAKER pro tempore. The gentleman may proceed.

Mr. EGOLF. I would just like to make the announcement, since we just passed a resolution on the pledge to the flag, some news that just came in – this is on the Associated Press – the Federal Appeals Court, Circuit Court No. 9, the author of that decision, Judge Goodwin, has stayed his own decision until it goes to the full court. So it will not go into effect until the full court has a chance to make a decision on that.

Thank you.

The SPEAKER pro tempore. The Chair thanks the gentleman.

**THE SPEAKER (MATTHEW J. RYAN)  
PRESIDING**

### LEAVE OF ABSENCE CANCELED

The SPEAKER. The Chair notes the presence on the floor of the House of the Speaker and would ask that he be taken from the leave list.

### STATEMENT BY MR. COHEN

The SPEAKER. Mr. Cohen.

Mr. COHEN. Thank you, Mr. Speaker.

Welcome back.

Mr. Speaker, yesterday at least two members of the House made the statement that the Metcalfe amendment, which passed the House with 101 votes and was incorporated in SB 824 with 102 votes, was the same or similar to existing law in 11 States. Since then, my staff has researched this question, and I have learned that the 11 States referred to that require the voters to present some form of identification, all with the exception of South Carolina, have some exceptions to that requirement. In 10 of the 11 other States, there are alternatives to narrow photo identification.

In addition, Mr. Speaker, similar legislation passed in Michigan was invalidated as unconstitutional by Michigan Attorney General Frank Kelley in 1997, similar legislation passed in Louisiana was invalidated by the U.S. Justice Department in 1994, and similar legislation passed in Lowell, Massachusetts, was invalidated by a judge in Lowell, Massachusetts, in 2001.

The opinion of Michigan Attorney General Frank Kelley, which still stands as good law in Michigan, says that a Michigan law similar to Pennsylvania’s was unconstitutional and hence invalid because it violated the equal protection clause of the 14th Amendment to the U.S. Constitution. Kelley said, and I quote, “In the absence of a showing of substantial voter fraud in Michigan, this restriction on the fundamental right to vote is not necessary to further a compelling state interest.” Kelley also wrote that the law might discourage some from voting. I quote again: “For the poor, those who do not drive, especially the elderly, the handicapped and those who, for whatever reason, do not possess a picture identification card, this requirement imposes economic and logistical burdens,” the Attorney General of Michigan said.

Looking at the 11 States that were referred to in debate yesterday, going down the list, those 11 States are Alaska, which allows a birth certificate to be presented, a passport, a hunting or fishing license, or any other ID prescribed by regulation. The requirements in Alaska are waived if an election official certifies that he or she knows the voter. In Connecticut, an acceptable form of identification includes a Social Security card or any other form of preprinted ID that includes the name and either address, signature, or photograph. A voter may sign an affirmation instead of presenting ID in Connecticut. In Delaware, if a voter has no ID, the voter may sign an affidavit. In Florida, the voter may sign an affidavit if he or she does not have identification or is challenged. In Georgia, if a voter does not have an ID, he or she can sign an affidavit. In Kentucky, forms of valid identification include a Social Security card, a credit card, or a personal acquaintance with a precinct officer. In Louisiana, voters without an ID must sign an affidavit and present a registration certificate or provide information submitted for registration such as their mother’s maiden name. In Missouri, a voter must have an ID card or any other acceptable form of ID as determined by local election

officials. If a voter does not have an ID, he or she can vote if two judges vouch for his or her eligibility. In Texas, acceptable forms of identification include a driver's license, photo ID, a birth certificate, a passport, citizenship papers, official mail, checks printed by an in-State bank, and other forms prescribed by the Secretary of State. In Virginia, if the voter has no ID, he or she may sign a statement under oath.

Mr. Speaker, when we make statements on the floor of the House of Representatives, we do not swear to the truth of these statements and we cannot be prosecuted for perjury. But the fact is, Mr. Speaker, the House of Representatives passed SB 824 and the language of the Metcalfe amendment acting in the good-faith belief that the repeated statements that there are 11 States who have legislation that require photo ID was a true statement. It is not a true statement. In addition, the House acted under the belief that this legislation was constitutional when in fact the Attorney General of Michigan, the U.S. Justice Department, and a court in Lowell, Massachusetts, have all ruled similar legislation to be unconstitutional.

Mr. Speaker, I would hope that there is enough honor and decency among the majority of members that they would be somewhat embarrassed that the statements which they believed to be true are not true. I would hope that members of the House, both supporters and opponents of this legislation, would be contacting members of the State Senate now and urging that the State Senate remove the photo identification requirements from the bill. The State Senate has not taken up the bill. They will take up the bill sometime tonight or tomorrow or maybe in the fall. Whenever the Senate does take up this bill, they ought to remove these requirements that were inserted in the House after members of the House were given inaccurate information as to what this bill contained and to whether or not it was constitutional.

Thank you very much.

The SPEAKER. The Chair thanks the gentleman.

Does the majority leader or minority leader have any further business?

There will be no further votes. The Chair is going to keep the desk open to take any reports from committees that are outstanding for the next while, whatever that is.

If there is no further business, the House will be at ease to the call of the Chair.

The House will come to order.

#### RECESS

The SPEAKER. Does the majority leader or minority leader have any further business? Hearing none, the Chair is about to put the House in recess until we await reports from the Senate. It may be that it will be a long wait. So I would not worry about sticking around this evening; we can do it first thing in the morning on today's schedule.

Without more, this House stands in recess to the call of the Chair.

#### AFTER RECESS

The time of recess having expired, the House was called to order.

#### APPROPRIATIONS COMMITTEE MEETING

The SPEAKER. The Chair recognizes the gentleman, Mr. Argall, for an immediate meeting of the Appropriations Committee in the Appropriations Committee conference room. The members will please report there immediately.

The House will stand at ease awaiting the report of the committee, of the Appropriations Committee.
