## LEGISLATIVE JOURNAL

WEDNESDAY, JUNE 13, 2018

SESSION OF 2018

202D OF THE GENERAL ASSEMBLY

No. 27

### HOUSE OF REPRESENTATIVES

The House convened at 10 a.m., e.d.t.

#### THE SPEAKER (MIKE TURZAI) PRESIDING

#### PRAYER

The SPEAKER. The prayer today will be offered by Father Ted Keating of Seven Sorrows of the Blessed Virgin Mary Parish in Middletown, Pennsylvania. He is the guest of Representative Tom Mehaffie, our friend and colleague.

FATHER TED KEATING, Guest Chaplain of the House of Representatives, offered the following prayer:

Let us pray:

Lord God, we believe; increase our faith. We trust in You; strengthen our trust. Guide us by Your wisdom, correct us with Your justice, comfort us with Your mercy, protect us with Your power, enlighten our understanding, strengthen our wills, and purify our hearts. Help us to conquer anger with gentleness, greed by generosity, apathy by fervor. Help us to forget ourselves and reach toward others. Help us be attentive in prayer, tempered in food and drink, diligent in our work, firm in our intentions. Let our conscience be clear, our conduct without fault, our speech blameless, and our life well-watered.

We ask this through Christ, our Lord. Amen.

#### PLEDGE OF ALLEGIANCE

(The Pledge of Allegiance was recited by members and visitors.)

#### JOURNAL APPROVAL POSTPONED

The SPEAKER. Without objection, the approval of the Journal for Tuesday, June 12, 2018, will be postponed until printed.

Whereupon, the Speaker, in the presence of the House, signed the same.

## GUESTS INTRODUCED

The SPEAKER. To the left of the rostrum, we welcome Gabrielle Bowes. Please stand. Is Gabrielle here? She is a fifth grade student at St. Christopher School and was chosen as the winner of Representative Martina White's "There Ought To Be a Law" contest. She proposed a law requiring seat belts on all school buses. Gabrielle, thanks for being with us today.

To the left of the rostrum, we welcome Sherry DelGrosso. Sherry is a registered nurse for 24 years, an instructor at Penn State University, and a legal nurse consultant. She is currently pursuing her doctorate in nursing. She is also a member of the DelGrosso family that owns DelGrosso's Amusement Park and

also DelGrosso Foods in Tipton, PA, which is, I believe, Blair County. She is a great friend of Representative Ward. Thank you for being our guest today.

To the left of the rostrum, we welcome Barb Haubert. She is the mother of Joni Mitchell, who works with Representative Harry Lewis and Representative Tom Mehaffie, not the Joni Mitchell of singing fame. Is Barb here? Where is Barb? Oh, Barb is right there. Great to see you. She is with Joni. Thanks so much. We are honored that you are here today.

Ethan Straffin, will you please stand. Ethan. Ethan is over here in the corner. He is interning with Representative Donna Oberlander in Clarion County. Are you interning here in Harrisburg or back in Clarion? In Clarion. Great to have you here today. Thanks so much.

In the rear of the House, the New Hope Church American Heritage Girl Scout Troop, please stand. They are back there in our left-hand corner. They are from Lower Paxton Township and are the guests of Chairman Ron Marsico. If you would like, please come up to the front and we will get a photo in the well of the House at this time. Please come on up. Chairman Marsico will join you. It is so great to have this Girl Scout troop here from New Hope Church. Thank you so much for being with us with Chairman Marsico.

In the rear of the House, we welcome Zachary Sobek. He is interning with Representative Duane Milne. He is right there. He is a student at Gettysburg College. What a great college. And he is here today with his dad, Michael. Thanks so much for being with us. Great to have you.

If this group of individuals could come down to the well of the House, just come right down; go to your left, my right. From Representative Hill-Evans' district office, come on down. Representative Hill-Evans, if you will join them. This group is interning with Representative Hill-Evans back in her district office in York. We will wait till they get up front and they will raise their hands as I introduce them. Brianna Nelson is a sophomore at Alvernia University. Please raise your hand. Nicole Harman, a junior at Alvernia University; Skye Sorresso, a senior at Millersville University; Elijah Green is a recent graduate of Millersville University with a degree in government and political affairs; and Srosh Matti is a freshman at Temple University. The interns are also accompanied by Bronley Martin, and we have Representative Carol Hill-Evans. Please give them a warm welcome.

Please feel free to take some photos. Have you already? You did. Thank you very much.

Members, please take your seats. We have two citations to be presented today. Representative Jozwiak will be first followed by Representative Gary Day. Representative Jozwiak has a State swimming champion. He will be up here at the rostrum. The Sergeants at Arms will close the doors of the House for our two State champions, one right after another. This young man has traveled a little over an hour to be here with us today and has quite an accomplishment.

## COLIN GWIAZDOWSKI PRESENTED

The SPEAKER. Representative Jozwiak, the floor is yours. You may proceed, sir.

Mr. JOZWIAK. Thank you, Mr. Speaker.

Colleagues, I rise today to recognize a local student athlete whose athletic career culminated with the accomplishment of a lifetime. Colin Gwiazdowski is a Schuylkill Valley High School senior who, in the last race of his high school career, won the 100-yard freestyle at the PIAA Class AA Championships. Colin is leaving high school while he is at the very top of his competitive ladder.

While his last race may have been the culmination of his high school career, it was not the only highlight. Along the way, Colin also collected these noteworthy accomplishments: He won first place and a gold medal in the 50-yard freestyle at the 2016-17 District III meet; he won a gold medal in the 100-yard freestyle and 50-yard freestyle in the 2017-18 Central Penn League meet; and he won a gold medal in the 50-yard freestyle, 100-yard freestyle, and as a member of both the 200-yard and 400-yard freestyle relay teams in the 2017-18 District III meet. He also won second place and a silver medal in the 100-yard freestyle at the 2016-17 District III meet, in the 50-yard freestyle at the '16-'17 PIAA meet, and in the 50-yard freestyle at the '17-'18 PIAA meet.

And if that was not enough, he also set several new records this year. Colin set the record for the 100-yard freestyle at the Central Penn League meet, and he also set the record for the 50-yard freestyle at the District III meet and the 50-yard freestyle at the PIAA meet.

Mr. Speaker and colleagues, I have a feeling Colin is not done impressing us. In fact, he verbally committed to swim on an athletic scholarship at the University of Arizona. He is quoted in a Reading Eagle newspaper article saying, "The U of A is where I see myself pushing my limits academically and athletically as well as achieving my goals for the next four years."

Mr. Speaker, I am proud to congratulate Colin on his past accomplishments and wish him the best of luck in his future endeavors.

Mr. Speaker and colleagues, at this time I would like to formally recognize PIAA Class AA 100-yard Freestyle State Champion Colin Gwiazdowski.

Thank you, Mr. Speaker.

The SPEAKER. Thank you, Representative Jozwiak. And congratulations, Colin.

Representative Gary Day, please come to the rostrum. Representative Day has a State champion who has traveled some distance to be with us. Members, please take your seats.

## MADILYN RIEGEL PRESENTED

The SPEAKER. Representative Day, the floor is yours.

Mr. DAY. Thank you, Mr. Speaker.

Mr. Speaker, I am pleased today to be joined on the House floor by a young lady from the 187th Legislative District in Lehigh County who has demonstrated her athletic excellence at one of the highest levels and in a sport that is growing around the Commonwealth. Madilyn Riegel is a student at Northwestern

Lehigh High School, and she recently captured first place in the 3-position smallbore individual title during the 2017-18 Pennsylvania State Interscholastic 3-position Smallbore Championship.

For those of you unfamiliar with this event, it is part of the sport of standing air rifle. This sport demands a high level of skill and effort where perfection is the top goal. Smallbore rifle competition is held over distances of 50 feet, 50 yards, and/or 100 yards. Match competition can be as quick as 30 shots – 10 shots prone—

The SPEAKER. Sir, please suspend.

Members, please take your seats. This is quite an accomplishment, and the young lady has driven well over an hour to be here. Please take your seats. Thank you.

Mr. DAY. Thank you, Mr. Speaker.

Mr. Speaker, I concur with your statement, this is a very important accomplishment. It is about perfection. Thirty shots – 10 prone, 10 standing, 10 kneeling – and in Maddy's case, 60 shots where 21 of them were perfect. Oh, there it is.

In this match and this competition, it is conducted in as many as four different positions, not just the three – prone, sitting, kneeling, and standing – to as few as one, prone only or standing only. Madilyn earned the title with an impressive record of 500 and a score of 573 points out of 600 with 21 perfect shots, and also captured the high kneeling position award with a score of 196, 10 perfect shots. During her career in air rifle she also participated in the national event in Ohio last summer where she earned a bronze medal.

Madilyn's dedication is to be commended, and I am pleased to give that recognition to her on the House floor here in the State House of Representatives.

I would also like to recognize her parents, who joined us and drove with Madilyn out here to the Capitol. Her parents, Mike and Emily; her sisters, Malia and Marlaina; and her boyfriend, Dylan. Would you all please rise. We all know without that support system, that family support system, it contributes to all of her efforts and along with her coach and everyone in her life helping her to prepare and train to be such a fine young athlete.

At this time I would like to offer Madilyn a congratulatory round of applause from everyone for her impressive winning scores and her exemplary marksmanship. Madilyn, we wish you well.

The SPEAKER. Family members, if you will come on down for a photo, just come down the side of the chamber and we will bring you right up to the floor.

And, Madilyn, congratulations to you. That is outstanding. Thanks for joining us.

Please open the doors of the House and let members on and off because they are going to be closing them again for a very special guest. All members, please come to the House floor and take your seats.

We are going to keep the doors open here for a few minutes, but then we are going to be addressed by a very special guest. If any of our guests have to leave, the doors are going to be closed for 15 to 20 minutes. We are not going to be having anybody coming in and out during this period of time. So if anybody has to step off the House floor, now is the time to do it.

The Sergeants at Arms will close the doors of the House. All members, please take your seats.

## CONSUL GENERAL PHYLLIS YAFFE PRESENTED

The SPEAKER. We are here today to honor and to be addressed by Phyllis Yaffe, Canada's Consul General to the United States, who resides in New York City.

As many of you know, Canada is one of the United States closest allies in the world; a Federal parliamentary democracy and a constitutional monarchy, with Queen Elizabeth II being the head of state. The country is officially bilingual at the Federal level – English and French. And it is one of the world's most ethnically diverse and multicultural nations, much like the United States, the product of immigration from many countries. Its advanced economy is the 10th largest in the world.

As you know, it extends from the Atlantic to the Pacific, just like the United States, but also northward into the Arctic Ocean, covering almost 10 million square kilometers or almost 4 million square miles, making it the world's second largest country by total area. It has a population of approximately 35 million people, many concentrated in large and medium-sized cities, many of them on the southern border with the United States. Its capital, of course, is Ottawa, and its three largest metropolitan areas are Toronto, Montreal, and Vancouver.

With the Consul General today are these individuals, and I wish they would stand at this time before we have the Consul General address us: Caroline Desrochers, please stand. She is the head of the political and public affairs part of the office; Damian Ferresse, who is senior advisor of economic and trade policy; Vince Finn, who is trade commissioner and actually resides in Philadelphia; and then this young man will be joining the Consul General when she speaks, Constable Andrew Tepfenhart of the Royal Canadian Mounted Police.

Phyllis Yaffe, the Consul General, was first announced as the Consul General in July of 2016. She has had a distinguished career in both the private and not-for-profit sectors. She served as chair of the board of Cineplex Entertainment, lead director of Torstar Corporation, and as a member of the boards of Lionsgate Entertainment and Blue Ant Media. A former board member of Astral Media, for many years she served as a senior officer and ultimately as chief executive officer of Alliance Atlantis Communications, Inc.

She holds a master of library science degree from the University of Toronto, a bachelor of library science degree from the University of Alberta, and a bachelor of arts degree from the University of Manitoba.

She originally hails from around Winnipeg, which is just north of Minnesota. We are so honored that she would take the time to come and visit us in the Capitol and to address this distinguished body.

Consul General, as you may know, the Commonwealth of Pennsylvania originated in 1682. We predate the United States Constitution by well over 100 years. William Penn, upon founding Pennsylvania, started the Provincial Assembly, from which we are the direct descendant. There has been a Speaker of the House and a General Assembly prior known as the Provincial Assembly right from the time shortly after Penn's arrival.

We share so much in common with Canada and its provinces, and we are so honored that you would take the time to join us to speak to us today about your role as Consul General and about the relations between our two countries.

Please come up to the rostrum. Thank you.  
 And please give a warm welcome to the Consul General.  
 Ms. YAFFE. Thank you, Mr. Speaker.  
 Merci beaucoup.

It is wonderful to be back in Harrisburg. I am honored to address this distinguished legislative body in this historic chamber, particularly at this critical time in Canada-U.S. relations.

Over the past year my team and I have traveled to all four corners of the Keystone State. We have been from Williamsport to Allentown, from York to Erie, from Lancaster to State College, and from Philadelphia to Pittsburgh. And while all these places each have their distinct vibe and character, the warmth and hospitality of the people of Pennsylvania stand out everywhere we go. Canada and the Commonwealth enjoy a truly special relationship, a shared historical and cultural heritage, and a common vision of prosperity for our people.

This may not be well known, but one of the most remarkable figures in American history, Benjamin Franklin, who stands next to William Penn in the mural behind me, left his mark on Canadian history as well. In 1753 when he served as Deputy Postmaster for the British North American colonies, Benjamin Frankel traveled north of the border to personally inaugurate our first post office in Halifax. Ten years later he initiated the first official mail service between Quebec City, Trois-Rivières, and Montreal. Benjamin Franklin was a great visionary. Even as far back as 1753, he saw the potential of integration, exchange, and working across borders to advance mutual prosperity.

More than 250 years later, Canada and the United States share the greatest economic partnership in the world. Together we have built this continent and made it a place of opportunity for our citizens. Our economies are deeply intertwined, supporting millions of good jobs in both nations. Our relationship has been the envy of the world.

For more than two decades, the North American Free Trade Agreement has served as the foundation of our shared prosperity, and almost 1 year ago, our countries embarked on a historic project to modernize this landmark pact for the 21st century and bring more people into the middle class. This is a commitment that both President Trump and Prime Minister Trudeau were elected to fulfill. Let me be clear, Canada has been at the table since day one of these negotiations with progressive ideas and creative proposals to do just that, ensure the benefits of globalization can be shared by all, and we are not leaving.

Knowing that I am among friends, please allow me to address the recent decision by the United States administration to impose tariffs on Canadian aluminum and steel on national security grounds. I want to address this very serious issue directly as it threatens the stability and the prosperity that the U.S. and Canada have enjoyed for centuries. Our countries have stood together in major conflicts since World War II. We have been there for each other in times of need. We have stood shoulder to shoulder through thick and thin.

Just last month we celebrated the 60th anniversary of NORAD, the North American Aerospace Defense Command, one of the strongest illustrations of our security partnership. NORAD is where Canada and the U.S. armed services men and women sit side by side every day here in the U.S. and in Canada guarding our skies. It was NORAD that was responsible for the grounding of all aircraft in American airspace on that tragic day of September 11, 2001. And most people do not know this, but it

was the deputy commander, a Canadian general, who was at the helm leading that mission on that fateful day.

Our two nations take on common security issues together. This spirit and history is a demonstration of the complete trust and confidence we have in each other. So how can anyone consider Canada a national security threat to the United States? The imposition of tariffs on Canada under the guise of national security is disconcerting and, as our Prime Minister said as soon as the tariffs were announced, quite frankly, insulting.

Now, let me be clear about one important fact: The United States has a \$2 billion surplus in steel trade with Canada. Canada buys more American steel than any other country in the world. Canada accounts for more than half of all U.S. steel exports. Our steel industries have developed over the years and are producing different types of steel, which we buy from each other and we sell to each other. Canada is also working directly with the U.S. to prevent unfairly priced foreign steel and aluminum from flooding the North American market.

Tariffs on steel and aluminum will harm industry and workers on both sides of the Canada-U.S. border, and nowhere in the United States will this be felt more strongly than right here in Pennsylvania, where so many companies either rely on Canada as a market for their steel or rely on Canadian steel to supply their shops, keep their employees working, and remain profitable. Independent analysis shows that for every job that may be gained in steel and aluminum as a result of these tariffs in Pennsylvania, 6 would be lost in other sectors, for a total of more than 14,000 jobs lost overall.

I visited many companies in my travels across the State, and I have seen how important the Canadian market and Canadian products are to these businesses. I am sure you must hear the same when you engage with your constituents. Too often and particularly with bilateral relations as vast and as complex as ours, we tend to focus on the politics, the agreements, the treaties, the bureaucracy, but at the end of the day, our relationship is about the people – men and women on both sides of the border who define this partnership and who work together every day as friends, as partners, and as allies.

Mr. Speaker, members of the House of Representatives, we count on the support and voices of our partners in Pennsylvania and across America to stand up for the Canada-U.S. relationship. Strong bilateral relations should never be taken for granted. They demand commitment, openness, and a willingness to find solutions when we disagree. As Consul General, I am committed, I will work with you and your constituents on bigger and bolder ways to further our partnership. Our shared prosperity depends on it.

Thank you very much.

The SPEAKER. We are going to present some small gifts from the Pennsylvania General Assembly to the Consul General.

(Whereupon, gifts were presented to Consul General Phyllis Yaffe by the Speaker.)

The SPEAKER. The Sergeants at Arms will open the doors of the House.

And certainly everybody understands growing the middle class in both nations and that the discussions will prove fruitful for all to modify NAFTA to bring it into the 21st century to continue to create jobs for our citizens in both countries.

Representative Mehaffie, Representative Masser, Representative Mackenzie, and Representative Ward, I am going to ask you to please come up. We are going to do the uncontested resolutions. They have guests and they will be speaking next.

### LEAVES OF ABSENCE

The SPEAKER. Representative TOOHIL, Representative GODSHALL, and Representative LAWRENCE have requested to be placed on leave. Without objection, those will be granted.

Representative FABRIZIO and Representative Mike O'BRIEN have requested to be placed on leave. Without objection, that will be granted.

### MASTER ROLL CALL

The majority having voted in the affirmative, the question was determined in the affirmative and the resolutions were adopted.

The SPEAKER. Members, please take your seats. We have guests from all over the State on HR 961, so I am going to ask all members to please take your seats. If anybody needs to exit, now

is the time. I am going to temporarily close the doors of the House. If anybody needs to exit, now would be the time. We are going to close the doors of the House.

Please close the doors of the House. All members are asked to take their seats. Some of our members are here to honor employers, significant employers in our Commonwealth with HR 961 – Representatives Mehaffie, Masser, Mackenzie, and Ward.

**STATEMENT BY MR. MEHAFFIE**

The SPEAKER. We will begin with Representative Tom Mehaffie.

Mr. MEHAFFIE. Thank you, Mr. Speaker.

Representative Frank Farry and I rise today to thank our colleagues for their support for HR 961, which officially designates June 13, 2018, as "Amusement Park Day" in Pennsylvania.

Mr. Speaker, for decades amusement parks have been the cherished pastime and an integral part of our tourism industry. From the funnel cakes to the boardwalk fries to the exhilarating roller coasters and stomach-churning rides, there is something about them that brings out the kid in everyone.

Pennsylvania is fortunate to be the home to more than 14 amusement parks, and today we want to celebrate these businesses specifically for the important role they play in bringing local families and bringing travelers to the Keystone State. Among the numerous amusement parks and family theme parks in the Commonwealth, we are recognizing today Camelback Lodge and Aquatopia Indoor Waterpark in Monroe County; Conneaut Lake Park in Crawford County; DelGrosso's Amusement Park in Blair County; Dorney Park and Wildwater Kingdom in Lehigh County; Dutch Wonderland in Lancaster County; Great Wolf Lodge park in Monroe County; Hersheypark in Dauphin County; Kalahari Resorts and Convention Center in Monroe County; Kennywood in Allegheny County; Knoebels Amusement Resort in Columbia and Northumberland Counties; Lakemont Park and the Island Waterpark in Blair County; Sesame Place in Bucks County, which is located in Representative Farry's district; Split Rock Resort and Indoor Waterpark in Carbon County; and Waldameer Park and Water World in Erie County.

Mr. Speaker, I would like to give a special shout-out to Hersheypark, which has been a valuable part of my district for over 100 years, now welcoming more than 3 million visitors annually. Joining me today is Hersheypark's Director of Attractions and the Guest Experience Laura Woodburn. Laura, thank you for your hard work and all of the Hersheypark employees for ensuring that it remains a safe and enjoyable family getaway for locals and visitors alike.

Collectively, Pennsylvania-based family theme parks and water parks entertain more than 12 million visitors annually and support more than 16,000 jobs. This industry is a huge revenue generator and job creator and draws visitors to other local businesses.

For these reasons and many others, we are proud to officially recognize June 13, 2018, as "Amusement Park Day" in Pennsylvania.

Famous travel writer and theme park enthusiast Arthur Levine once said, "A summer without a visit to an amusement park is not a summer at all."

So, Mr. Speaker, I encourage all Pennsylvania families to consider visiting one of our esteemed amusement parks this summer.

Thank you, Mr. Speaker.

The SPEAKER. Do any of the other members wish to speak?

### STATEMENT BY MRS. WARD

The SPEAKER. Representative Ward.

Mrs. WARD. Thank you, Mr. Speaker.

Today in the back I have Amy Mearkle, representing DelGrosso's Park. Amy, if you would stand. Thank you. Amy is my friend and walking buddy.

DelGrosso's Park is a family-owned amusement park and water park in Tipton, just north of Altoona. This year they will celebrate 71 years.

DelGrosso's Park has over 30 rides and attractions in addition to an Italian-themed water park that features a lazy river and wave pool. There are also 17 picnic pavilions for larger groups.

If you want to enjoy some of America's best amusement park food, this is the place to visit. Much of the food is homemade and uses DelGrosso's pasta sauces. If it is Wednesday in the summer, it is "spaghetti Wednesday" at DelGrosso's Park with an Italian feature and spaghetti for lunch and dinner. My personal favorite is Murf's potato salad. You cannot beat it anywhere.

During a manufacturing tour 2 years ago at DelGrosso's, the DelGrosso family was kind enough to feed us and everyone is still talking about that.

I am incredibly proud to have DelGrosso's Park and the DelGrosso family in my legislative district. They make us proud every single day.

Amy, thank you for being here with us today.

### STATEMENT BY MR. MACKENZIE

The SPEAKER. Representative Ryan Mackenzie.

Mr. MACKENZIE. Well, thank you, Mr. Speaker.

It is my pleasure to welcome Mike Fehnel from Dorney Park. He is able to join us again here in the Capitol today. If we can give him a round of applause, please.

It is my pleasure to represent Dorney Park. The park has been operating since 1884, making this the 135th season of delivering memory-making experiences to their guests. They are the home of Thunderhawk, which opened in 1924 and is the eighth oldest roller coaster still operating in the world.

Each year they hire 3500 associates to bring the park to life. They have the task of being the first employer to today's youth, which is oftentimes a great opportunity for them to get into the workforce, get great experience, teach them team skills that will then benefit them for wherever they go in their future employment.

On a personal note, I have had the opportunity to grow up literally in the shadow of Dorney Park and for many years have always enjoyed going there as a child. I always had a season pass. My friends and I basically lived at the park in the summers, and it is a great resource that we have in our community, not only for enjoyment but also for employment.

So again I would like to thank Mike for joining us today and congratulations to Dorney Park for joining us here for Amusement Day in the Capitol. Thank you.

### STATEMENT BY MR. MASSER

The SPEAKER. Representative Kurt Masser.

Mr. MASSER. Colleagues, today it is my honor to welcome a legend in the amusement park industry, Dick Knoebel. Dick is a part of a family tradition up at the Knoebels Amusement Park. It is America's largest free-admission, free-parking amusement park, largest in the country. Every year it wins awards, national awards for family-friendly park, food, their dark ride. They have two, three now, world-class wooden roller coasters, one without a track, which is sort of like a bobsled. That is one of the coolest rides you will ever ride on. Just a great family-run park who employs thousands of people in our region. I am so glad to have it as part of my district.

Little known fact: Mike Tobash was 5 foot tall before he started eating chicken and waffles at Knoebels, and look what that has done for him. Their food is amazing, and I am just so proud to have them in my district.

I just want to welcome Dick Knoebel and say thank you for all the years and the memories. And Jeannie Reedy is with him also. Thank you, Dick.

The SPEAKER. And for all those guests, if you will please just come down here to well of the House, we will get a photo with the members. Just come right down the side aisle in the well of the House.

Representative Murt is going to be recognized when we come back to the floor.

I do not believe we have any other business at this— Okay. Hold on.

We do have some additional guests here today. We will be doing that introduction next.

Thank you to each and every one of you for making the trip today to the Capitol. We are very honored. Thank you very much.

Representative Mike Tobash, Representative Jerry Knowles, and Representative Neal Goodman should come to the rostrum up here. Please come up to our rostrum. And if we could bring the guests up as well, just come right up near the Speaker's rostrum.

Members, please take your seats.

These young ladies have traveled some distance to be with us. We are very honored to have them.

### GREATER POTTSVILLE AREA WINTER CARNIVAL GUESTS INTRODUCED

The SPEAKER. Representative Mike Tobash, please proceed, sir.

Mr. TOBASH. Thank you. Thank you, Mr. Speaker.

I just want to thank my colleague from Northumberland County for mentioning that I love the food at Knoebels Grove. It is all very good, actually.

I am happy to welcome a group today, this morning, from the Greater Pottsville Area Winter Carnival. The Pottsville Winter Carnival started in 1968 when a group of people from Pottsville, community leaders, went to St. Paul, Minnesota, and observed a festival that they had there for many years. John Reilly, who later became the mayor of Pottsville, along with Bob Davis, a business owner, and a few more went to witness that festival and brought the spirit back to the community of Pottsville and the Greater

Schuylkill County area. At that time there were ski races; there was a ski slope in Pottsville, a Sharp Mountain ski area; there was a parade, snowmobile races; there was a ski jump; and there were many other community events. As I mentioned, in 2018 those events will now be 50 years old.

We have some distinguished guests with us today, including Louise Wachter, who continues to be a part of that association and a great community leader. She was actually the first Winter Carnival Queen in 1968. So I am honored to welcome the group here to the hall of the House today. Louise, could you please stand. Thank you.

Representative Goodman, would you like to say a few words?  
Mr. GOODMAN. Thank you, Mike.

This year 16 women from across Schuylkill County competed in a title for Snow Queen. Eventually the title was decided through their response to the question "what qualities of Schuylkill County make you happy and make you feel at home?"

And it is my privilege, and I thank Representative Tobash for giving me the opportunity to announce the winners for this year. The winner was Alexandra Mullin of Pottsville. She spoke about diversity of the county's landscape and communities. Ms. Mullin is here today with her parents, Doug and Denise Mullin, and her sister, Gillian.

The Winter Carnival Snowflake Princess for 2018 is Mikaela Tobash. You may recognize the name there. It is Michael's daughter, here today with his wife, Amie.

The 2018 Snowdrop Princess is Kali Grochowski. She is here with her parents, Scott and Tara, and her brother, Cole.

Again it gives me great pleasure to recognize the winners of this year's Pottsville Winter Carnival. Thank you.

The SPEAKER. Representative Knowles.

Mr. KNOWLES. Thank you, Mr. Speaker.

I, too, would like to congratulate the winners of the winter carnival, and all I would like to add is, it is very fortunate for Mikaela that she possesses so many of the traits and qualities of her mother.

So congratulations, ladies, and enjoy your day at the Capitol.

The SPEAKER. Members, we have, as you know, Representative Tobash's daughter, Mikaela, which is just great to be able to honor your daughter here in the Capitol, particularly upon this achievement, along with Alexandra and Kali. Could we give them a really warm, warm, warm congratulations. Thank you so much for joining us.

If the parents— Oh, Representative Tobash, you may proceed.

Mr. TOBASH. I just wanted to mention that the day that you bring your newborn daughter home from the hospital you know that you have got a princess in the house. It is great that these young ladies are representing our community as princesses and the community service that they are doing.

So thank you very much, Mr. Speaker.

The SPEAKER. Thank you, sir.

We are going to take announcements. Any announcements?

#### **APPROPRIATIONS COMMITTEE MEETING**

The SPEAKER. Chairman Saylor, Appropriations Committee announcement. Chairman Saylor is recognized for a committee announcement.

## ANNOUNCEMENT BY SPEAKER

The SPEAKER. Members, for those members of the Committee on Committees, the Republican members on the Committee on Committees, we will be meeting in the Speaker's Office as soon as we are done on the floor. Republican members of the Committee on Committees, we are going to meet in the Speaker's Office when we are done on the floor.

## CALENDAR

### BILLS ON SECOND CONSIDERATION

The House proceeded to second consideration of **HB 2215, PN 3594**, entitled:

An Act amending the act of March 10, 1949 (P.L.30, No.14), known as the Public School Code of 1949, in terms and courses of study, further providing for fire and emergency evacuation drills.

On the question,  
Will the House agree to the bill on second consideration?

Mr. **ROEBUCK** offered the following amendment No. **A07361**:

Amend Bill, page 1, lines 9 through 12, by striking out all of said lines and inserting

Section 1. Section 1517(a), (a.1) introductory paragraph and (1) and (e) of the act of March 10, 1949 (P.L.30, No.14), known as the Public School Code of 1949, amended November 6, 2017 (P.L.1142, No.55), are amended and the section is amended by adding subsections to read:

Amend Bill, page 1, line 13, by striking out "\* \* \*" and inserting

(a) Except as provided under subsection (a.1), in all school buildings of school entities where fire-escapes, appliances for the extinguishment of fires, or proper and sufficient exits in case of fire or panic, either or all, are required by law to be maintained, fire drills shall be periodically conducted while the school entity is in session and students are present, not less than one a month, by the [teacher or teachers] principal or person in charge, under rules and regulations to be promulgated by the chief school administrator under whose supervision such school entities are. In such fire drills the pupils and teachers shall be instructed in, and made thoroughly familiar with, the use of the fire-escapes, appliances and exits. The drill shall include the actual use thereof, and the complete removal of the pupils and teachers, in an expeditious and orderly manner, by means of fire-escapes and exits, from the building to a place of safety on the ground outside.

Amend Bill, page 2, by inserting between lines 9 and 10

(a.2) A record of all fire and emergency evacuation drills and school security drills shall be completed by the principal or person in charge at each school building and shall be accurate and up-to-date and kept on file in the respective school offices. The principal or person in charge shall submit the record to the chief school administrator and the Department of Education by June 30 each year for review by the department for compliance with this section. The Department of Education shall determine the manner and form of the record to be used to document the fire and emergency evacuation drills and school security drills by the principal or person in charge at each school building. The record must include, at a minimum, the following:

- (1) The date and time of the drill.
- (2) The number of students participating in the drill.
- (3) The duration of the drill.
- (4) The drill type.
- (5) The signature of the principal or person in charge.

\* \* \*

(e) On or before the tenth day of April of each year, each chief school administrator shall certify to the Department of Education that the fire and emergency evacuation drills and school security drills herein required have been conducted in accordance with this section[.] and documented in the record by the principal or person in charge of each school building.

(e.1) The Department of Education, by September 1, 2019, and each August 1 thereafter, shall provide annually a report on Statewide compliance with the provisions of this section to the Education Committee of the Senate, the Education Committee of the House of Representatives and the State Fire Commissioner and shall make the report available on the department's publicly accessible Internet website.

On the question,  
Will the House agree to the amendment?

### AMENDMENT WITHDRAWN

The SPEAKER. Representative Roebuck has indicated that he is withdrawing his amendment. So that amendment is withdrawn.

On the question recurring,  
Will the House agree to the bill on second consideration?

Ms. **OBERLANDER** offered the following amendment No. **A07365**:

Amend Bill, page 1, lines 9 through 12, by striking out all of said lines and inserting

Section 1. Section 1517 heading, (a.1) introductory paragraph and (1) of the act of March 10, 1949 (P.L.30, No.14), known as the Public School Code of 1949, amended November 6, 2017 (P.L.1142, No.55), are amended and the section is amended by adding a subsection to read:

Amend Bill, page 1, line 13, by inserting after "Drills" and Threat Assessment Teams

Amend Bill, page 2, by inserting between lines 9 and 10

(e.1) The following shall apply regarding threat assessment teams:

(1) Beginning with the 2019-2020 school year, each public school entity shall establish a threat assessment team consistent with the guidelines issued under paragraph (2).

(2) Within one hundred eighty (180) days of the effective date of this subsection and every three (3) years thereafter, the office, as defined by section 1301-A, in consultation with the Department of Corrections, shall develop and issue guidelines for a threat assessment team that includes all of the following:

(i) The membership of each threat assessment team.

(ii) Responsibilities of each threat assessment team in identifying threats to the property of a public school entity, students and school employees, including physical vulnerabilities in the school building, policies and procedures and personnel responsibilities.

(iii) Potential solutions to resolving any threats identified under subparagraph (ii).

(iv) The frequency with which each threat assessment team meets.

(v) The frequency with which each threat assessment team meets the responsibilities under subparagraph (ii).

(vi) The frequency with which each threat assessment team report any threats to the office.

(3) Information relating to this subsection shall not be subject to the act of February 14, 2008 (P.L.6, No.3), known as the Right-to-Know Law.

On the question,  
Will the House agree to the amendment?

AMENDMENT WITHDRAWN

The SPEAKER. Representative Oberlander, on the amendment, please.

Ms. OBERLANDER. Thank you, Mr. Speaker.

The purpose of this amendment is to create vulnerability assessment teams using the resources that we have with the Department of Corrections in conjunction with the school districts. We are working on a separate bill, and so at this time I will be withdrawing this amendment.

Thank you, Mr. Speaker.

The SPEAKER. Thank you, Representative Oberlander.

There are no other amendments that I see on this bill.

On the question recurring,  
Will the House agree to the bill on second consideration?  
Bill was agreed to.

\* \* \*

The House proceeded to second consideration of **HB 84, PN 3553**, entitled:

An Act amending the act of June 29, 1953 (P.L.304, No.66), known as the Vital Statistics Law of 1953, in registration district administration, further providing for local registrars' compensation; in birth registration, further providing for children born in a country other than the United States and providing for certified copies of birth records and for Legislative Budget and Finance Committee study; and making a related repeal.

On the question,  
Will the House agree to the bill on second consideration?

Mr. **LAWRENCE** offered the following amendment No. **A07550**:

The majority having voted in the affirmative, the question was determined in the affirmative and the amendment was agreed to.

On the question recurring,  
Will the House agree to the bill on second consideration as amended?

Mr. MULLERY offered the following amendment No. A07540:

Amend Bill, page 1, line 17, by inserting after "RECORDS" , for optional city and county issuance  
Amend Bill, page 5, line 15, by striking out "(A)(2) AND (3)" and inserting

(a)(1) and (2)

Amend Bill, page 5, by inserting between lines 18 and 19

Section 405. Birth Registration: Optional City and County Issuance.—The department may collaborate with a city board of health or county department of health or the office of a county officer, or counterpart personnel in counties having a home rule charter or optional form of government, under Article XIII of the act of August 9, 1955 (P.L.323, No.130), known as "The County Code," or Article XIII of the act of July 28, 1953 (P.L.723, No.230), known as the "Second Class County Code," in the issuance of a certified copy of a birth record. An office of a city or county official so collaborating may charge and retain a fee of no more than five dollars (\$5) for each certified copy of a birth record issued in collaboration with the department.

Amend Bill, page 5, line 19, by striking out "405" and inserting 406

On the question,  
Will the House agree to the amendment?

The SPEAKER. Representative Mullery.  
Mr. MULLERY. Thank you, Mr. Speaker.

Mr. Speaker, much like the previous two amendments, this amendment just seeks to alleviate some of the pressure on the Department of Health in anticipation of the REAL ID request for certified birth certificates and permits our city and county officials the ability to issue said documents, and this is, to my understanding, an agreed-to amendment.

The SPEAKER. Representative Lawrence, on the amendment.

Mr. LAWRENCE. Thank you, Mr. Speaker.

Mr. Speaker, this amendment addresses an issue that the good gentleman from Luzerne brought up in committee when we were running the bill through committee, and I would encourage the members to vote in the affirmative.

BILLS PASSED OVER

The SPEAKER. We are over on SB 554, PN 1823. We are over on SB 1090, PN 1825. The Speaker is not calling those up.

\* \* \*

The House proceeded to second consideration of **SB 892, PN 1533**, entitled:

An Act amending the act of December 16, 1986 (P.L.1646, No.188), known as the Chiropractic Practice Act, in licensure and regulation, further providing for license required.

On the question,  
Will the House agree to the bill on second consideration?  
Bill was agreed to.

The SPEAKER. There are three bills on third consideration that are on the supplemental A calendar. We cannot vote on any of them until about, well, at least – a little less than 2 hours. HB 1987 cannot be voted on until 3:54 p.m. because it was amended, HB 1810 cannot be voted on until 3:59 p.m. because it was amended, and SB 172 cannot be voted on until 3:46 p.m. because it was amended.

**MOTION TO PROCEED TO CONSIDERATION UNDER RULE 24**

The SPEAKER. The Chair recognizes the majority leader for a motion to proceed.

Mr. REED. Thank you very much, Mr. Speaker.

I would make a motion to proceed to the immediate consideration of HB 1987, HB 1810, and SB 172. Thank you.

On the question,  
Will the House agree to the motion?

The SPEAKER. Representative Dermody, the minority leader, on that motion, please.

Mr. DERMODY. Thank you, Mr. Speaker.

I would urge the members to support the motion to proceed.

**SUPPLEMENTAL CALENDAR A CONTINUED**

**BILLS ON THIRD CONSIDERATION**

The House proceeded to third consideration of **HB 1987, PN 3678**, entitled:

An Act amending the act of April 14, 1972 (P.L.233, No.64), known as The Controlled Substance, Drug, Device and Cosmetic Act, providing for dispensing of fentanyl.

On the question,  
Will the House agree to the bill on third consideration?  
Bill was agreed to.

(Bill analysis was read.)

The SPEAKER. This bill has been considered on three different days and agreed to and is now on final passage. The question is, shall the bill pass finally?

The Chair recognizes Representative Bryan Barbin, on the bill.

Mr. BARBIN. Thank you, Mr. Speaker.

HB 1987 builds upon the recent successes in this legislature and the executive responding to the national emergency declaration issued by Governor Wolf and President Trump in March of this year. HB 1987 amends the Controlled Substance Act to restrict the use of fentanyl and its derivatives for a 2-year period of time with the Pennsylvania State Police issuing a report at the end of that time period, giving us the number of fentanyl overdoses and a reduction in the fentanyl prescriptions.

I want to thank Chairman Rapp, Representative Topper, and the Republican and Democratic executive directors in making this a better bill. I also want to thank the House and Representative Rosemary Brown on her recent passage of HB 2152, which provides an easy way to properly dispose of hospice and home health pain medication in disposal pouches.

I am going to give you a very quick who, what, why, where, and when to help explain to you why this bill is needed.

We passed the Prescription Drug Monitoring Act. We changed protocols in our emergency rooms and for kids that get serious medication, opioid medication, in responding to pain. What we do not have is an answer to the new wrinkle that has come into the heroin overdoses, and that wrinkle is prescription fentanyl. We have put naloxone in the hands of police providers, but what we do not have is a response that is specific to the fact that now two-thirds of our overdoses are usually associated with a mixture of heroin and fentanyl. What happens when you mix fentanyl with heroin is you make the potency of it about 30 times stronger, which makes naloxone more difficult to save the person that has fentanyl mixed in the heroin.

The who. The people that will be restricted in this 2-year period of time are physicians. There are exceptions that have been worked out with the Hospital Association and with the Pennsylvania Medical Society to make sure that we are covering all the people who need to be covered, and those people are the surgical uses, the hospice uses, the cancer uses, the chronic pain uses, and the emergency medical uses.

The what. What is being prescribed here is two parts of the fentanyl problem. The first part of the fentanyl problem was made very specific 2 weeks ago in a little town in Kearney, Nebraska. Illicit fentanyl, which is powdered fentanyl probably from China, moved across the border to a town in Nebraska the size of about 20,000 people. It used to be on the Oregon Trail, Fort Kearny. What happened was they found a 2-pound bag of fentanyl, which was enough fentanyl to kill 26 million people. That is the illicit part that is coming from overseas. This bill is dealing with both the part that is coming from China and Mexico, through Canada and Mexico.

It is also dealing with the little fact that nobody wants to talk about, which is fentanyl patches. Fentanyl patches are prescribed in chronic pain, cancer, and hospice situations. Representative Brown's bill says that hospice and home health people will be able to put those patches in disposal bags, which will keep them from being diverted and mixed in with heroin. And the way that is done is a patch is used for 3 days. The gel on the patch is still – 50 percent of the gel is effective even after the patch is disposed of. Once that patch gets diverted, they scrape the gel off of it, boil it down, and they add it to the heroin.

Now, why this affects me and everybody in this room is there is a Health Care Cost Containment report that comes out today. That report says that the most heroin or fentanyl-related

overdoses in the emergency room are happening in Cambria County. Number two is Philadelphia. But if it can happen in Cambria County, it can happen in Armstrong, it can happen in Indiana, it can happen in every county of this Commonwealth. We have to deal with both parts. There is the part that is the powdered bag of fentanyl that is coming through the mail. But there is also the part where you get your hands on these patches and you boil them down and you make stronger heroin. Heroin becomes 30 times stronger when you put fentanyl in with it, and the naloxone does not work as well.

The why. Okay, the why is easy. Pennsylvania Health Care Cost Containment report tells you that two-thirds of these overdoses now have fentanyl mixed in with them. Okay. We also have the DEA (Drug Enforcement Administration) saying for the first time that this powdered fentanyl is now a Class I drug. It is so dangerous that there is no use that justifies it. Okay. The report speaks for itself. I urge everyone to read it. And why are we doing this now? Because if we do not do this now, we are going to end up like we were in 1990. No one thought that OxyContin sitting in senior citizens' medicine cabinets was going to create a problem. Kids were going into the medicine cabinets taking Percocet and Vicodin. They were becoming addicted on those drugs. When those drugs dried up, they switched to heroin. The same thing is happening with fentanyl. I ask for your support. It is not just the fentanyl coming from China that is a problem. It is the fentanyl on these patches.

The SPEAKER. Anybody else wish to speak on the bill?

On the question recurring,  
Shall the bill pass finally?

The SPEAKER. Agreeable to the provisions of the Constitution, the yeas and nays will now be taken.

The SPEAKER. This bill has been considered on three different days and agreed to and is now on final passage.  
The question is, shall the bill pass finally?

Representative Bill Kortz is recognized.  
Mr. KORTZ. Thank you, Mr. Speaker.

Mr. Speaker, I rise in support of SB 172. Last week, sir, I had the privilege to sit with PennDOT's District 11 director to talk about a number of issues and one of them was this bill. She proceeded to tell me how bad the excessive speeding through the work zones is and what she has seen last year in the projects. We had a long discussion and she shared with me some data that I felt was very pertinent to bring and share with our colleagues today.

A project that occurred on I-279 last year. It is the city of Pittsburgh going north. The speed was so excessive that a contractor had a discussion with PennDOT. She agreed to put in a Speed Minder with a counter, and I wanted to share that data with you today that she shared with me.

Now, this is a work zone and the speed posted was 45 miles per hour. The number of vehicles in that that had excessive speed between 70 and 99 miles per hour in a 3-month – again, from mid-May to mid-October was over 1.6 million vehicles. I want to repeat that, Mr. Speaker. Between 70 miles an hour and 99 miles an hour, there were over 1.6 million vehicles that were caught going that fast. You peel the onion back a little bit more, the ones that were traveling between 90 and 99 miles per hour, 13,912. Again, this is a 45-mile-per-hour posted work zone and we had 13,912 vehicles driving between 90 and 99 miles per hour. Save the best for last: 100 miles per hour and over, 1,005 vehicles they clocked at going 100 miles an hour or greater.

Mr. Speaker, they are playing with death going through a work zone that fast. It is unacceptable, and we here today have the opportunity to address this very serious situation. They had 10 accidents in that timeframe, 6 with injuries. Thank God, by the grace of God, they had no fatalities, but it is clear from the data that PennDOT is collecting this is out of control. So I would urge all my colleagues please vote in the affirmative for this good bill, SB 172.

Thank you, Mr. Speaker.

The SPEAKER. These are the individuals that wish to speak: it will be Representative Frank Ryan, Representative Greg Vitali, Representative Greg Rothman, and Representative Eli Evankovich.

### VOTE CORRECTION

The SPEAKER. We will begin with Representative Frank Ryan.

Mr. RYAN. Mr. Speaker, my comment is on the prior vote, 1810. I should have been recorded as a negative, as opposed to in the affirmative, on HB 1810.

The SPEAKER. HB 1810. Thank you, sir.

### CONSIDERATION OF SB 172 CONTINUED

The SPEAKER. Representative Vitali.  
Mr. VITALI. Thank you, Mr. Speaker.

I rise in opposition to SB 172, and I wanted to focus in on that piece that would require speeding cameras and detection devices on certain highways in Philadelphia, I think Roosevelt Boulevard and Henry Avenue now. You know, Mr. Speaker, I think the argument in support of this is that there is a speeding problem on these highways, which I will concede, and this would be an effective way to reduce the speed, which I would also concede. But the problem is, it lacks a fundamental fairness. You know, in some Islamic countries when you are convicted of theft, your hands are cut off, and that is a very effective way, very effective way to reduce theft. But the question is, is it fair? Is it fair?

Mr. Speaker, I would say that setting up a system where every single person on the Roosevelt Boulevard that goes above 11 miles an hour in speeding gets a \$150 ticket is grossly unfair. Mr. Speaker, I believe that the presence of a police officer and using his discretion and common sense in issuing speeding tickets is a fairer way to do this. Mr. Speaker, I have logged thousands of miles on the Pennsylvania Turnpike, and the observation I will make is this: The overwhelming majority of us probably go about 5 miles over the speed limit regularly, maybe 10 miles, 12, 15 miles when we are passing, but the overwhelming majority of us try to do the right thing. There are those people we all know and see who are just blowing by us, weaving in and out. They are the people whose conduct on the turnpike we need to shape, and they are the people the police, if acting properly, are the ones they want to go after and should go after, not every single person who is technically violating the law.

I think that these red-light cameras, these speeding cameras, have the same objectionable qualities. They do not have that discretion, and they are going to cause many, many motorists to pay large sums of money, and it is not the fairest way to do this. I have yet to hear, and I understand Philadelphia has a problem with regard to speeding on Roosevelt Boulevard and Henry Avenue, I understand they have a problem, but what I do not understand is why a municipality cannot solve a speeding problem by putting a police officer there to issue tickets or engaging in traffic-calming devices, or otherwise. If they simply cannot afford to put police officers on the Roosevelt Boulevard, they have a whole other problem they have to deal with. They should not be trying to solve their problem in a way that infringes on the monetary – that really infringes on the common motorist. This is the wrong way to solve a very real problem. It is much too Big Brotheresque for my liking.

Much more, this is government overly intruding in the lives of people. I understand it raises enormous sums of money and I cannot even imagine how much money \$150 a pop it will raise, but this is the wrong way to raise revenue and it is not fair to the common motorist and I think Philadelphia ought to take another approach to this very real and serious problem.

The SPEAKER. Representative Eli Evankovich, sir.  
Mr. EVANKOVICH. Thank you, Mr. Speaker.

Mr. Speaker, I, unfortunately, rise to oppose SB 172. I do not, however, oppose technology enforcement on our roadways. I think that it could be a very valuable tool for promoting safety, cost efficiency, and making our roadways a much more pleasant place to drive. It is very seldom that the gentleman from

Delaware County and I agree on anything and we only agree partway, actually. My problem with the bill, as outlined, is this: The gentleman from Allegheny stood up and read off a bunch of statistics of speeds that were captured in work zones and I think that I heard the statistics correctly that some were 80 miles an hour in a work zone, some were 90 miles an hour in a work zone, some were in excess of 100 miles per hour in a work zone, and the stated intent of SB 172 is to get people to slow down. The problem is that any one of those people, in the gentleman from Allegheny County's example, will get a \$45 fine. The problem with SB 172 is not "Big Brother." It is that it is a half-baked approach to resolving this problem.

SB 172 may prevent some people from speeding, but my guess, my hypothesis is that SB 172, in fact, will have certain motorists that want to speed doing the math and saying, "I'm in a work zone. Do I roll the dice and say get a \$300 ticket outside of the work zone from a policeman catching me with a radar gun or do I go through this work zone at 110 miles per hour, 90 miles per hour, well in excess of the posted limit? The worst that can happen is I get a letter in the mail with a \$45 bill and I'll pay it because it was worth it for me," and we will have decreased safety in our work zones.

Mr. Speaker, I think that we can do a lot better. I think that a lot of States have much better plans for technology use in work zones and highway enforcement, but I think that, as this body moves forward, as this State moves forward with implementing technology, that technology should have a few approaches: one of them being safety; one of them being cost control, because we have our police officers spending too much time patrolling the roads; and the third should be ease of traffic flow, and that involves making a very difficult decision, which is focusing on the flow of traffic and those motorists that are blocking the flow of traffic versus those motorists that are going with the flow of traffic, just perhaps faster than the posted speed limit.

Thank you, Mr. Speaker.

The SPEAKER. Representative Bill Keller and then followed by Representative Greg Rothman.

Mr. W. KELLER. Thank you, Mr. Speaker.

I do not want to rain a fatwa down on myself, but I believe that there is a provision in Islamic law that I do not know much about that says if you get up to speak a lot about an issue you do not know a lot about, they cut your tongue out. So we all better be careful around here.

The SPEAKER. Representative Greg Rothman.

Mr. ROTHMAN. Thank you, Mr. Speaker.

Mr. Speaker, may I have order, please?

Mr. Speaker, in the last 5 years in work zones in Pennsylvania there have been over 100 fatalities, there have been 6,249 injuries, and 9,383 accidents. Just at Route 283 in Dauphin County in a project that was recently started, since April there have been 45 accidents. Mr. Speaker, the cameras in the work zones will change people's behavior, it will save lives and will improve safety on our roads, and that is why I am asking my colleagues to support this bill, SB 172.

Thank you very much.

The SPEAKER. Representative Russ Diamond.

Mr. DIAMOND. Thank you, Mr. Speaker.

Mr. Speaker, I first want to qualify that I am going to speak today as a former commercial truck driver. I think I know what I am talking about. Mr. Speaker, I, unfortunately, rise to oppose

SB 172, and I say unfortunate because I have driven on Roosevelt Boulevard in Philadelphia and I know what the problem there is. That is a serious, serious situation that needs addressed. It really does. I am just not sure this is the answer.

Mr. Speaker, as I was out on the highways across the United States of America in the years before I came here, driving as a professional, I will tell you that it was not really speed that killed. It was distracted driving; that is what kills. And there are ways to reduce speed. If you want to reduce speed at any one place, there are ways to do it. Most of us do it in our residential neighborhoods with speed bumps. There is a way to do that on a highway that is not so obvious and it is not so abrupt, as we do it in our residential areas. You can do that on a highway. It is well known that a police car parked somewhere in advance of a work zone, with lights flashing, does make people slow down. I have seen it. I know it. And you do not have to have the whole car out there. All you need is the lights, to tell you the truth. I have seen that done as well. That definitely slows people down.

So although I am extremely sympathetic to the cause of wanting to increase safety, I am just not sure this bill will do that. In fact, I am pretty certain this bill will not do that. Without points on their license, people will pay the 40 bucks or whatever it is, and they will just continue speeding. There are a lot of other physical barriers and physical things you can do on the highway to intentionally slow people down before a work zone. I just think this bill's time has not yet come, and I ask my colleagues to join me in a commonsense "no" vote on SB 172.

Thank you, Mr. Speaker.

The SPEAKER. Representative Stan Saylor.

Mr. SAYLOR. Thank you, Mr. Speaker.

I rise in support of SB 172. I do not know how many times in my career here on the House floor I have had members stand up on this floor and pay tribute to a member of the turnpike or construction crew who lost their life in a work zone, and you know, maybe this bill does not solve all the problems of people being killed on our highways, but if we save one life of a construction worker, one of the members and family members will so much appreciate what we do here, and those members in my own caucus know that I am not a big fan of cameras. I am still a believer we need our police doing their job, but this is one tool we need to give our highway workers who are out there every day trying to make our highways safer for all of us to drive on, and after having approved HB 89, the gas tax, we know this summer is going to have a lot of construction going on in everybody's districts across this State.

This bill is very limited. We need to support SB 172, protect our construction workers out there. There are a lot of other things we may need to do, to do the same thing that this does not solve, but this is at least a first step. Let us pass SB 172 and let us save some lives.

Thank you, Mr. Speaker.

On the question recurring,

Shall the bill pass finally?

The SPEAKER. Agreeable to the provisions of the Constitution, the yeas and nays will now be taken.

## STATEMENT BY MR. TAYLOR

The SPEAKER. Representative John Taylor is recognized.  
Mr. TAYLOR. Thank you, Mr. Speaker.

I would just like to thank the members for that vote. This concept of safety has been around for quite a few years in this chamber and others, and I would like to thank Representative Keller and his staff and our staff and their work, as well as the staff in the Senate. So we hope this gets to the finish line before we leave here in June, and I appreciate your support.

## ANNOUNCEMENT BY MR. SACCONI

The SPEAKER. Representative Rick Saccone is recognized on unanimous consent.

Mr. SACCONI. Thank you, Mr. Speaker.

I would just like to wish my wife a happy anniversary. Today is our 39th anniversary, and many of you – thank you, thank you – many of you know my wife, Yong, and she has been with me everywhere. She has never missed a day up here in Harrisburg. I know many of you can appreciate how hard it has been to put up with me for 39 years. I get claps for that? I get applause for that? That is the biggest applause I have ever gotten. I said it before on my 35th anniversary, but since this is my last year here with you all, I want to say one more time publicly, I loved my wife since the first day I met her. I have loved her a little bit more every day for the last 39 years. Honey, God bless you and happy anniversary. Thank you.

## SENATE MESSAGE

HOUSE AMENDMENTS  
CONCURRED IN BY SENATE

The clerk of the Senate, being introduced, informed that the Senate has concurred in the amendments made by the House of Representatives to **SB 667, PN 1794**, and **SB 851, PN 1795**.
