RE: Your letter of December 19, 1990

Dear Mr. Seelinger:

I have conferred with our IRS Unit. On November 2, 1990, your name was submitted to the Computer Department for deletion from the IRS computer tape. On November 30, 1990, this tape after review and approval was submitted to Harrisburg - The Department of Public Welfare. Your name was deleted from the tape sent to Harrisburg on November 30, 1990.

I can assure you the Erie County has done it's job however, I can not assure you the the Pennsylvania Department of Public Welfare submitted the tape in a timely manner and even if they did, that the IRS will implement that tape once it is received.

Let this letter serve as your written notice that Erie County did delete your name.

Sincerely,

David L. Christensen
Deputy Director
