Dear Commissioner,

I would like to take this time to request your assistance regarding Mr. Martin, an inmate at Graterford State Correctional Institution.

It has been brought to my attention that Mr. Martin, who is serving a life sentence, has become a vital part of the Braille Production Project at Graterford Prison. I have been informed that although his quality of work is both thorough and flawless, he is unable to increase the quantity of his work based on the hours he is allotted at the computer.

Mr. Lehman, as you may already know, the demand for braille books is overwhelming. I would appreciate if you would give every consideration to the possibility of allowing Mr. Martin the privilege of having a computer and disc drive in his cell.

Thank you in advance for taking the time to review this matter. Your anticipated cooperation is greatly appreciated. I look forward to hearing from you at your earliest convenience.

Sincerely,

Michael P. McGeehan
