House Box 202020

Dear Chairman Gannon:

I again thank you and your Committee for permitting me to appear before you and provide information on behalf of the Westmoreland Bar Association. During my presentation, I provided the Committee with information that I had received from a public meeting that I had attended the previous evening on behalf of one of my clients. At the time of my appearance before the Committee, I indicated a concern of that particular municipal client about the cost of advertising in a newspaper of general circulation. I indicated that the information provided to me by the municipality indicated a charge in excess of \$800.00 for a Notice that had appeared twice in the newspaper.

At the time of my appearance before the Committee, I had that information based on the information that was provided by the municipal secretary at the public meeting. I had not had an opportunity to review any documents relative to those charges, although I had requested those documents. Since then, I have received the documents and they indicate that the charges were in fact for two Notices that appeared on two different occasions.

Therefore, I am writing to ask that my remarks with regard to those matters please be corrected by way of this information. I apologize to the Committee and all those in attendance for this erroneous information.
