To Whom it May Concern:

Cremation  
Interment &  
Scattering

I have been honored to serve the citizens of Pennsylvania through my appointment to the Board of the Pennsylvania Real Estate Commission since March, 2012.

Community  
& Family  
Columbarium

During my service on the commission, licensure violations have been the most active issues. No complaints or questions have come before the Real Estate Commission regarding non-delivery or incorrect delivery of cemetery merchandise.

Living Tree  
Memorials

In my forty-year career as a cemetery manager in Pennsylvania, and my tenure for the last three years on the Real Estate Commission as the cemetery representative, I have not heard of any such issues within our profession.
