Re: Public Comment on HCO 1680

To the House Commerce Subcommittee on Financial Services, and Banking,

My name is Scott McClea. I live in Ambler borough, Montgomery County, PA. I work as a home-based Mortgage Loan Originator for Rocket Mortgage by Quicken Loans.

In the hiring and training process with Quicken Loans, I learned that due to current licensing restrictions I am ineligible to obtain my banking license in the state of Pennsylvania where I live.

I support more flexibility in licensing so that I may be able to grow my personal brand and be able to personally help my clients here in Pennsylvania. Having the ability to help my friends, neighbors, and clients here in Pennsylvania would make a tremendous impact on my performance with work and would allow me to help more clients to improve their financial situation.

I'd like to thank the committee for its consideration of this legislation and hope that the feedback I have provided persuades you to move forward in this endeavor as this is the right thing to do.

Sincerely,

Scott McClea
